\$250usd + tax

Raw footage

Receive all raw camera footage and audio files (provided on an SD card):

\$300usd + tax

Extra Videographer

Get those extra angles:

\$800usd + tax

FAQs

How long will my video be?

A **highlights** video is at least 5+ minutes, how ever, you have the option to include the full ceremony and/or speeches also. The full ceremony and speeches can also be placed into separate videos.

Do I need to hire a second videographer?

It is not necessary, how ever, it is advised. Videographers use a lot of production equipment such as dollies and cranes as well as juggling multiple cameras and recording audio, therefore, setup time compared to a photographer is a lot longer for each shot. With a second videographer, you are guaranteed to have all the bases covered, for example, simultaneously being in the bride as well as grooms rooms as they get ready, or, having that extra angle for the first kiss.

When will I get my video?

Your video will be ready to view within two months of the ceremony.

How will my video be delivered?

You will receive a password protected link to Vimeo.com to view and share your video. There will also be a download link to save the video directly to your computer. I can provide DVD's upon request at \$10 per copy + postage from Mexico.

What camera equipment do you use?

I use Canon DSLR cameras and L-series lenses as well as a range of production equipment such as sliders and glidecams. During the ceremony, special care is taken to be as unobtrusive as possible; long zoom lenses are used, and no clicks or beeps will be heard! Even with only one videographer, there will always be two cameras recording – one static, and the other mobile.

How do you record the audio?

I use a professional field recorder which has a total of 6 audio channels recording during your ceremony and speeches, including a wireless mic on the groom and a direct feed from the PA system for optimum quality.

Payment

A 50% deposit is due up front to reserve the day. The remaining 50% is due upon completion and satisfaction of your video. All payments are via PayPal for your security. The prices above will be taxed at 16% (IVA). You can pay using the following link: paypal.me/mattock
