# A Photo Booth at Your Wedding is a MUST!

Prints double as the Perfect Wedding Favor!

**5** things to consider when choosing your Photo Booth Company

**Reputation: Work with a company you can trust.**

- Read the online reviews and check out their social media presence.
- Does your Venue Coordinator/Planner give them a thumbs up?

**Quality: It matters, and you'll know it when you see (and feel) it.**

- Ask to see actual prints & photo galleries. Not all photos are created equal and photos used in marketing materials are not necessarily the real thing.
- Are photos vibrant and in focus? Do the prints feel durable and well made?

**Price: Align your budget with your priorities.**

- If the initial quote is out of your budget, ask about other options and specials.
- Be wary of 'too good to be true' deals and companies that seem to be cutting corners. Both put you at risk. A small 'savings' may cost you more in the end.

**Client Service: How a company treats you from the start is a great indication of what to expect throughout your experience.**

- Are they responsive, genuine and excited to be a part of your day?

**Day-Of Experience: You shouldn't have to worry about a thing.**

- Will there be a fun and friendly host onsite throughout your day?
- Will there be a full set of backup equipment with your booth, just in case?
- Will your guests receive unlimited copies of prints and digital images for free?
