- SHANNON

Shannon ::

{owner + photographer}

Since her childhood, Shannon has always been intrigued by the arts (fashion, fine art, beauty, and dance). Then, in high school, photography transformed from a hobby into her full-time passion. Shannon has been photographing weddings, lifestyle portraits, special events, and intimate boudoir photography for over 10 years, well before her business, Studio Carré Photographie (a family name), came to life in 2008. Her style is fashionable and artistic, a true extension of the arts which inspired her early on...

{while Shannon is the primary photographer, the studio does have associates available for bookings as well}

THE STUDIO

Our Philosophy::

A lot has changed in photography since your parent's wedding. Chances are that when your parents got married, wedding photographers typically only took the photographs that they knew would sell after the wedding. This led to cookie-cutter wedding photography that left every wedding album looking almost exactly the same....the true story of the day was left untold and there was no unique creativity!

We believe that hiring a wedding photographer requires a lot of trust and a personal connection is truly important to understand a couples interaction and who they are together. This added connection and added attention and quality that a personal photographer gives is worth every penny.

Our Style::

After photographing 500+weddings collectively, we would best describe our studio style as a combination of fashion and editorial photography, fine art, spontaneous, distinctive, eclectic, and fun moments, as well as a few traditional moments.

We are in love with natural beauty and our images are simple and timeless. We focus on our couples and their emotions. We could be described as minimalist photographers, meaning we carry a limited amount of gear on our shoots so that we can concentrate on capturing emotions and memories as you experience it.

Our Intentions::

We intend to deliver images that you are in love with!

We'll add to your wedding day by keeping you stress-free and breezing through your wedding day photos. We will become your friends through the process and stay in touch with you while your family grows.

A romantic photograph of a bride and groom kissing. The bride is on the left, wearing a white strapless wedding dress with intricate lace detailing and a large, sparkling earring. She is holding a bouquet of white flowers. The groom is on the right, wearing a dark grey tuxedo with a white shirt and a white bow tie. He has a white boutonniere on his lapel. They are standing under a white, draped canopy. The background is softly blurred, showing greenery and a stone wall. The overall mood is intimate and celebratory.

ADD-ONS

Extra Hours

Your wedding package is custom built for you with our suggestion of hours for quality wedding day coverage. That time is flexible, but if you are planning an extra long day we may need to add a few more hours to your package.

Wedding Albums

Albums are a beautiful way to tell the story of the day and include a custom design session. Many options are available from the cover materials, paper options, metal covers, leather bindings, and the style of the album itself.

Parent Albums

A parent album is a smaller version of your wedding album or a stand alone design. As a great gift for your parents, this gives them a special way to remember your wedding.

Extra Sessions

Add on an additional session of your choice!

Boudoir Session

BE YOU.

FAQs

Q: How soon after the wedding can we expect to see our images?

A: You can expect to see your images in your online gallery within 30 business days following the wedding.

Q: Do you include digital files with your packages?

A: Yes, we definitely make these available for you! All retouched images are delivered in either a low resolution format (not suitable for printing), or high resolution format that is suitable for printing. High resolution files are also accompanied with a license agreement for printing and usage on your own.

Q: Do I have to order prints through you?

A: We highly recommend ordering prints through our professional vendors, but it is not required. The difference in quality is HUGE when it comes to ordering through a local printer and a professional lab, so we encourage clients to let us help with prints! We also include additional retouching at no charge with all orders.

Q: How many photographers will be there at our wedding?

A: This is dependant upon the package booked. We highly recommend more than 1 photographer for events with over 100 attendees.

Q: What is your start time for wedding day coverage?

A: Average start time is 1.5-2 hours before the ceremony. This allows us time for pre-ceremony shots, details, set-up, and a few shots with the wedding party. An earlier start time is advisable if the bride + groom desire to do a first look prior to the ceremony.

Q: What equipment do you use?

A: We use all of the latest Canon DSLR equipment including top quality lenses. All of our pieces have a backup in the rare event that anything should occur to one of our cameras or lenses.

Q: How far in advance should our engagement portraits be taken?

A: We recommend scheduling your session at least 2 months prior to the wedding. This allows us time for editing, ordering products, or even rescheduling...should that be necessary.

Q: How do we reserve our date?

A: Send us an email at info@studiocarre.com, and we can give you more information on this. A 50% retainer and signed contract is required in order to get your wedding day secured on the calendar. We do offer flexible payment plans as well, so definitely inquire!
