

# Event Design, Planning & Coordination

Marea Weddings & Events services both local and destination events from our local Atlanta offices. We create refined, thoughtful environments for our couples, and their guests. Ensuring our couples' stories are conveyed through meaningful design. We consider all possibilities aesthetics and logistical matters, so that you feel comfortable, inspired, and relaxed. Our goal is to provide support, confidence and guidance through each and every decision. We have grown by word-of-mouth through the help of our clients and vendors in the industry. While every Marea event is different we always have the same goal for each to feel: timeless, creative, unique, fun and inviting.
