

Luxury Wedding & Elopement Photography | Videography

HI, WE'RE SAMANTHA & FERNANDO ESTOPA

We're a husband & wife duo since 2020 when we had our own wedding, and that's why we became wedding photographers & videographers. More specifically, our photos did not turn out as we wish they had, now our mission is to ensure that you have the wedding experience we wish we had, prioritizing effective communication throughout the planning process and the day of.

We also would like to ensure you have every kind of support you need to make your special day as stress-free

We've created amazing memories for 120+ couples since 2020, we can't wait to create your memories in the years - or months - to come.

Welcome to our lives, hope you're here to stay for a long long time.
