"We recently got married in Carmel, CA, and one of the best decisions during our wedding preparations was hiring Jennifer as our photographer. I cannot express how beautifully she captured our most special moments, that we continue to relive every time we look at the images. Her creativity, professionalism and friendliness made the whole experience a success. I am looking forward to working with her in the future to take pictures for our first holiday cards. She is extremely talented, and it shows in the quality of her work."

- Kelly and Brandon
