Hi, I'm Kelly

I'm so honored you're considering me to be your wedding photographer!

A LITTLE BIT ABOUT ME

I've been photographing weddings for about four years and I freaking love it! I took my business full time about a year and a half ago, and haven't looked back! When I'm not photographing weddings, I love riding roller coasters, taking spin classes, and playing Animal Crossing on my Switch!

WHY WEDDING PHOTOGRAPHY?

It's simple - there's no better job than walking alongside a couple on one of the most exciting days of their love story and capturing all those moments and emotions as they start their life together! It's an honor and a joy to preserve those emotions and memories forever.

WE MIGHT BE A GOOD FIT IF:

- You love all things celebratory (let's PARTYYY!!)
- You like bold and beautiful colors - I love a good pop of color!
- You love being hyped up - I've been called "a photographer and hype-woman all in one"
- You want a mix of traditional photos and documentary-style candids

Please don't hesitate to reach out to me with any questions about wedding pricing, my process, or anything else! I look forward to capturing your story!

LOTS OF LOVE,

Kelly Spaine
