

Welcome

## Hello There,

I am so happy you are here! I am sure you are just as thrilled, **because you are getting married!** And that my friend is something to celebrate!

So much time and work goes into planning a wedding, so I hope I can be in any assistance to you if need be. I put so much passion and time into each piece I create. I hope you love what you see, and we can create some lovey-dovey magic together. After all, I am looking to just make new friends and capture cute couples in beautiful places!

Let's do the thing!

# Your Cinematic Love Story

## It's What I Do

If you are reading this, then there was something about my style of video making that stuck out to you. Some moment, some story, some couple's wedding day or first look video caught your eye. My lovey-dovey slow motion, yet sometimes fast cut rhythm popped out to you. So, thank you! THANK YOU, THANK YOU, THANK YOU! I put WORK into what I do. Every video I create, I put my little heart into. I want to make you cry. I want to make your super tough hunk-of-a-man cry. I want to make your mom and your grandma cry. And LAUGH! So much laughter and love that deserves to be captured. I want to create something your future children, or future dog, or whoever it is, watch and think, "That is why they chose each other all those years ago."

So, let's capture your love! Turn your wedding day into something you can look back at and actually WATCH! Pictures are so wonderful, but film comes to life.

## F A Q

**Q: Can I have all the raw footage from my wedding day?**

A: Yes! I charge an extra \$30 for this. I have to buy a USB flash drive large to put A LOT of files onto it, which is why I charge the extra \$30. Let me know if you want this, and I will put it in as an 'add on' in your contract.

**Q: What do you film with?**

A: I use a Lumix gh5 and a Sony a7sii. I also have a drone for the more outdoorsy weddings where I am eligible to fly it.

**Q: Is your full day wedding package a highlight video or a full-length wedding video?**

A: It is a highlight video! If you looked through my work (which I hope you have) your video will be a similar length and style to what I have created in the past.

**Q: How long will my highlight video be?**

A: That depends on the events from your day and what else you hired me for! If you hired me to create for example, a first look, I will probably add a few of my favorite shots from the first look into your wedding video. If your ceremony was short, the video might be shorter. (Same goes for if it was longer.) The majority of my wedding day videos range from 7-10 minutes.

**Q: How long until after my wedding will I get my video back?**

A: My contract says I have 90 days (unless specified otherwise for special reasoning). However, I normally only take 4-6 weeks to get it back to you! It also just depends on the season, time of year, and how booked I am! I am busiest in the Summer-Fall.

**Q: Does audio for my vows/ceremony cost extra?**

A: Voice Audio is included. I use a Bluetooth on-camera microphone lavalier set. I attach the small microphone to the groom (usually) and then can pick up the audio from the ceremony. It can also be used to pick up audio from speeches. It was a pretty penny, and it sounds pretty good. Just let me know you want audio beforehand!

**Q: How do you do Music Licenses? Can I pick a specific song?**

A: I use different sites to license music for my wedding videos. Some songs are easy to find while others are just simply un-license-able. It is important you don't just use any song though! If you wish to share your video to Facebook, Instagram, or any social media, your wedding video will get tagged and taken down if your video contains any popular music you do not own the rights to. In fact, it is technically illegal to use any copyrighted music you do not have permission to use! Because of this, I have found it is easiest for me to choose the music and use sound from your actual wedding! (Vows, ceremony, speeches) alongside pretty music from sites that license usage to music. BUT if you want to choose a song, no problem. Please just chat about your wishes with me. I have used *Sound Scribe*, *Tracks Music*, and *Music Bed* to buy music licenses. I am open to looking at additional music licensing websites if you have a recommendation!

**Q: How do I receive my Wedding Video(s)?**

A: I do give a few things back to you! First, I upload the video to Vimeo and send you a link to where you can always watch it online. I will also send you a link where you can download the video(s) file. I give back two different formats. Mp4 and m4v. The different formats work better on different devices (Apple, Android, Your Computer...)

I also mail a SMALL USB flash drive with your videos on it. This little box with the custom USB flash drive is my gift to you. This creates a tangible item to hold onto, and a way to keep your wedding video safe. Plus, it's pretty cute!

**Q: How much is the deposit?**

A: I charge \$300 up front to be paid when booking. The rest is to be completed no later than the day before your wedding! If you have an additional video (love story, first look, etc.), the payment for the video is to be paid on the day we film.

# Travel Based Weddings

Destination, Elopement, or Travel Encouraged Weddings

I am based in Salt Lake City, Utah. However, I have traveled far and wide for the work I love so dearly! I will go over various travel expenses based on location below. All travel expenses vary upon location.

## Utah

### Zion + Saint George Area Weddings

\$200 flat charge to cover travel expenses. I will drive to this area and arrange my own accommodations.

### Utah – Out of Greater Salt Lake, Provo, Logan, Ogden, Wasatch Area

If your wedding is still in Utah but requires for me to spend 1-2 additional nights away, Hotel + Gas expenses will be charged. This price will vary upon location.

## State Side Travel

### State Side with Airfare

Travel expenses include Airfare + Hotel + Car Rental OR Uber/Lyft Rides. I will book these expenses myself and they must be reimbursed within 7 calendar days from receipt. If you would like to book airfare because you have SkyMiles points or such, this is fine! Just let me know!

### State Side without Airfare

I understand some locations are easier for me to drive to rather than try and get a flight. I require Gas + Hotel Expenses.

## Abroad

### Marriage Abroad

You Rock! I love to travel. It's something I do for both work and for personal. The world is so beautiful and there are so many sites to see. If you are getting married abroad, we will talk further about location and travel expenses. I want to make it affordable for you to bring a videographer abroad with you! I am well-travelled, and great at snagging flight deals. Let's hop on a FaceTime or Skype call and chat details! Chances are I am eager to make something work for you!
