

Why Dexter's Inn for Your Wedding

- ◆ **One Location that Satisfies all of Your Needs**—If you so desire, all of your wedding-related activities (e.g., ceremony, reception, lodging, photos, rehearsal dinner, Friday night mixer/party, Saturday activities, late night after-party, Sunday farewell brunch) can take place on our 20-acre estate, thereby eliminating travel time for you and your guests, eliminating the need for your guests to drive in an unfamiliar area, and eliminating the need for you to contract with multiple venues.
- ◆ **Accommodations for 50+**—Our 17 guest rooms and two-bedroom cottage comfortably sleep 50 guests. So, your wedding experience can extend beyond just the ceremony and reception to an entire weekend spent with your family and friends. All rooms have their own private bathroom, air-conditioning, free wireless internet, and a delicious hot breakfast is included, so we know that your guests will be comfortable & happy with your lodging choice.
- ◆ **Private, Peaceful Setting**—Our spacious grounds and hilltop location provide an idyllic atmosphere, so your activities can occur without the disturbances of everyday life and free from the distractions of tourists or onlookers.
- ◆ **Exclusivity**—Your ability to book the whole property for the entire weekend ensures that you will be interacting with only your friends & family and that your guests will not have to share the common rooms, grounds, tennis courts, swimming pool, game room, etc., with others.
- ◆ **Magnificent Backdrop**—Beautiful views of Mount Sunapee, Mount Kearsarge, and the surrounding countryside provide a memorable backdrop for your activities. Words cannot do the view justice—it must be seen to fully appreciate it.
- ◆ **Wonderful Photo Locations**—Our spacious grounds, gardens, stone walls, charming buildings, and small family chapel provide a variety of attractive settings for both formal and informal photo sessions.
- ◆ **On-Site Activities**—We have two tennis courts, a heated in-ground swimming pool, basketball hoop, volleyball, badminton, a shuffleboard court, a horseshoe pit, lawn games, a kids play room, a library, hiking trails, and a game room with ping-pong, billiards, air hockey, foosball, darts, and playing cards. So, your guests will be able to socialize & play both day and night when they are not involved with the specific wedding activities. The late-night after-party that takes place in the game room often results in legends that will live on for years.
- ◆ **Personalized Service**—When dealing with Dexter's, you will be working with the owner, not with a facility manager. We live on the property and will be readily available to assist you with advance planning and last minute details. Your satisfaction and enjoyment is something that we take personally. We encourage you to read what prior couples had to say about our service on www.theknot.com, www.weddingwire.com, and www.facebook.com/dextersinn.
- ◆ **Easily Accessible**—Dexter's is located close to I-89 and it is an easy drive from Hanover/Lebanon, Concord, Manchester, Boston, and New York. You & your guests get to enjoy our country setting without having to endure the seemingly endless car ride involved with facilities located farther north.
- ◆ **Better Value and More Affordable**—Since you are welcome to work with any caterer, florist, photographer, and musicians that you desire, you are free to create the experience that fits your taste and budget. Although New Hampshire does impose tax on hotel rooms and meals, there is no tax on any of your other wedding expenses. This lack of a general sales tax makes NH approximately 5% cheaper than Massachusetts, Maine, and Vermont. Our BYOB alcohol policy allows for significant cost savings compared to other locations that require that you purchase the alcoholic beverages from them. The cost for the tent & equipment is lower at our location due to our reception tent being in place for the May thru October time period, which eliminates the costs involved with delivery, set-up, take-down, and removal that exist at other venues that use tents.
