

## ***PRICING INFORMATION***

In order to make sure you can indulge yourself in the pristine beauty of Nantahala, we encourage you to book the venue for 3 or 4 days. You and your guests get exclusive access to our property for the duration of your stay with us. Take your time getting ready for the most important day of your life and leave stress and worries behind.

### **Venue**

Our venue is comprised of two ceremony locations, a reception pavilion, a kitchen, a bride and groom's suite, and additional lodging. See the [Graphical map of entire venue](#).

[Chapel in the Sky](#) is an open-air ceremony area with lake and mountain views. We provide red mahogany chairs with black padded seats at Chapel in the Sky with an optional set up and tear down (fee applies). We also have wedding arch that you are free to use. In case of rain, you can have our clear tent set up at Chapel in the Sky for a small fee.

A [Covered Chapel](#) with a moss-covered stone backdrop interspersed with phlox and ferns seats 80 people on handcrafted sycamore benches is our alternative rain plan.

[Fie Top Suite](#) includes a dining room that accommodates up to 40 guests, full kitchen, a bridal salon, a groom's suite with a ping pong table, a honeymoon suite, two additional bedrooms, and a gas bonfire pit. All rooms have their own climate control, and sound systems are available in the dining room, bridal salon, and groom's suite.

Our [Reception Venue](#) for up to 125 guests includes a majestic pavilion with lots of string lights and three chandeliers (already set up for you) as well as a caterer's kitchen, bathrooms, and a wood bonfire pit for a s'more party. See [pavilion floor plan](#) for table layout for up to 125 people. We can set up the tables and chairs in the pavilion according to the floorplan you design with your coordinator for a fee of \$150, or you can do it yourself (after rehearsal is a perfect time for this when you have friends available to help) to save some money! In addition, the following offerings are available (complimentary) to each couple who chooses a package that includes the reception venue.

NOTE: the [Reception Venue](#), including the pavilion is not included in microwedding packages. However, you can use the pavilion if you purchase a package that says “up to 125 people” even if you have only 30 people. The space gracefully accommodates 25-125.
