*I'm so excited
for you and
your recent
engagement!
You're get-
ting married,
and THAT is
something to
celebrate!*

Hello and welcome!

I'm Stephanie, a wedding photographer based in Columbus, Ohio, but available for travel all over! When I'm not photographing my amazing couples, I can often be found practicing calligraphy, eating a whole bar of chocolate, or hanging out with my incredible husband.

I'm so glad you are here! Being engaged is truly an exciting time as you prepare for one of the BIGGEST days of your life! I am truly grateful for every one of my #StephanieBrannBrides (and grooms!) and I can't wait to see if we're the perfect fit! I truly believe that having a relationship with your wedding photographer, and that feeling invested in is such an important part of your wedding experience.

Why me?

Above all the pretty details of the day, I believe that your new marriage is to be CELEBRATED! That's what it's all about. I'm here to serve my couples as they marry their best friend, and to give them the experience they deserve from their wedding photographer.

Serving my couples through their wedding experience is the heartbeat behind my business. Since day one of starting my photography business, what has brought me the most joy is using it as an avenue to serve couples. As your wedding photographer, I want you to feel overwhelmingly valued, served, and cared for throughout your entire experience with me- from emails back and forth, to doing everything I can to ensure your wedding day is everything you dreamed of. I am a believer

that a beautiful marriage matters more than your wedding day, and I love having the opportunity to celebrate a new marriage with each one of my couples! It's what makes wedding day so incredibly special to me. Marriage is such a fun journey that makes you grow in so many different ways. It's such a joy to bring joy and excitement to my couples while they are preparing for such an incredible day, but even further, to encourage them as they take such a huge step in their lives.

Albums: WHY INVEST ?

No matter how much you back up your images, technology can change in an instant, making them out of reach. I always gift a complimentary USB to all my couples, so they can have their images backed up somewhere... however, computers are already starting to be sold without USB ports. The only SURE way to know you'll always be able to flip through your wedding day and relive it all over again is to have something tangible. My favorite part about my albums is that they give you the ability to turn them, page by page, and relive your wedding day all over again from start to finish. It tells a story, the story of the first day of your marriage. By any means, this does NOT mean you HAVE to invest in an album or your wedding will not be the same... because your wedding day is STILL the beginning of your marriage. Whether or not you order an album will not change that. However, I wholeheartedly believe it's something you will NOT regret. As the years go by, and you'll pull out your Legacy Album time after time to show your friends, family, and grandkids. You'll be so glad you made this investment at the very beginning of your marriage.

Jag's

DIGITAL FILES :

For weddings, I average 90 images per hour with my second photographer. These high resolution images in the online gallery include a print release that allows you to print and download your images wherever you please! I have no problem with you sharing your images anywhere you want, as long as you leave the editing to

SECOND

SHOOTER :

My favorite second shooter is my husband, Michael! He photographs 90% of my weddings with me. I love having him along, because he compliments the way I shoot better than anyone else! However, he's not available for all wedding dates. In that case, I will bring in another seasoned wedding photographer I've worked with before to help seamlessly capture your day.

MY SHOOTING STYLE :

During portrait time, I will give you full direction and guidance. You will never feel like you're not sure what you're doing! The only time I will not be in control of what's going on while shooting is during certain parts of the wedding day. I typically step in and direct all of the portraits and family formals, so you don't have to worry about anything when it comes to posing!

HOW TO BOOK :

I'd love to set up a consultation, either via Facetime, Skype, or in person to answer any other questions you might have. Once you've decided that we're a perfect fit, the next step is to sign a contract + pay the \$1,000 retainer. All of it can be done online! I also ask that you each sign a model release. The remainder of your invoice is due one month before your wedding date.

ENGAGEMENTS :

Engagements typically last around 60 minutes and include 75 images. I absolutely love having this time to connect with the two of you! They are complimentary, so whether or not you use it is up to you.

Thank You
