

Hi guys, Kristin here. Thank you so much for getting in touch with me. I know this is such an important day, and I'm honored that you're considering me to be apart of it.

I'm a lover of moments. Chances are if you're crying on your wedding day I am too. I'm always watching for those moments that most people never notice are happening. These little intimate moments and exchanges are what I live for. I approach photography from the aspect that when you look back on these images. I want you to feel them, to not only remember but to be able to relive and recall every detail.

LOVE NOTES FROM COUPLES

Aaron & Andjela

Guys she is the absolute best! She did my husbands and mine wedding and engagement photos. She went above and beyond to make sure we were happy with everything, she took amazing and such great quality pictures and a variety of them too. She is so pleasant to work with, has a sweet and friendly personality. Has such cute ideas for "poses" but also let us do our own and the thing i love the most about her is that she likes to be in the moment and that makes such good pictures and an even better photographer. If you are thinking about it, please do it. She is amazing all around, you will not regret it

Eldon & Emily

It was amazing to work with Kristin. She took the time to learn about our love story and capture it. I've lived most of my day hiding my true self, but my Fiancé has truly encouraged me to share it with others and Kristin's acceptance and openness made it easy to share our story. I completely recommend working with Kristin as she is truly one of the kindest spirits you will ever meet. Let alone her talent. I still can't choose a favorite image
