# Pricing & Info Guide

2024-2025

# Hey there!!

Before we begin, I just want to say the **BIGGEST** congratulations for this season of life you are entering into. It is truly one of the most rewarding and fun times you will ever experience. I strive to be more than just a photographer, but a storyteller. Each client, couple, and story is different than the other and I want to showcase that through my work. With that being said, I always want to be consistent in my style and editing! If you are looking for more of a light, crisp, and somewhat vintage film feel, then I'm your girl! ;)

Hey, friend!  
-I'm Tayler

## This is who I am!

There is already so much that goes into wedding planning, and trusting your vendors plays a huge part in that. My husband and I recently got married in July of 2022, so I completely understand everything that goes into wedding days! It is so crucial that you know and trust the people you are going to be spending one of the most important days of your life with!

So! Here is a little glimpse into my life behind (and in front) of the camera:) Like I said earlier, I am a new bride myself and love soaking in all things marriage with my new hubby. We don't have any children yet, but we are parents to a very spoiled and loved dog. We are both very focused on our careers, with of course mine being photography. I also work as a Bridal Stylist in Gulf Shores, Alabama. What an absolute dream! I have been a photographer for about 5 years, but just recently rebranded myself to be a wedding photographer. I still do other types of photoshoots, but weddings and engagements are my main focus.

"She was professional, flexible, a talented photographer and helped to make my daughter's day very special! Highly highly recommend her."

# My Style

Every Photographer is different, and will have their own way of doing things! Here is mine...

After your initial inquiry, I will send you this pricing and information guide; which you are probably reading right now! After you review my work and information, if you feel that we would be a good fit we can talk about dates, times, locations, etc, and get you officially booked! I always take a retainer fee for my bookings, which depends on what kind of services you are needing. I also will ALWAYS provide a contract for both parties, just to ensure everyone involved is seen, heard, and protected! I love to get to know my clients, so a coffee/lunch/tea date is always recommended! This is where we can go over the nitty gritty details, and just get to know more about each other! Knowing you helps me reflect you in my pictures :) Each service will look different, but I will be your biggest supporter and hype girl on the day of. After the event, I immediately begin to back my photos up on a hard drive and begin the editing process! Once finished, I will email you a link to your gallery where all the pictures will be available for download! (No screenshots, please!!)

# Second Professional Photographer

Avery was actually the photographer I hired for my wedding in July of 2022. She is a natural behind the camera, and did such an amazing job with our pictures. !

Everone meet Avery! The most wonderful, kind, and talented photographer I have the pleasure of doing business with.

I am Avrey, a 20 year old photographer/videographer based in Oklahoma. I started my photography business in 2020 and it has brought nothing but joy to my life. I am currently attending the University of Oklahoma getting a degree in Creative Media Production with a minor in Marketing to learn all things media and help grow my small business. If I am not taking photos or at school I am usually spending sweet time with family, reading, or finding a way to travel somewhere cool. I absolutely love every moment of what I do. Work never feels like work. I tend to gush about my job a whole lot. I get to make people so happy by capturing the best times in their lives.
