W E L C O M E

Hi there! Thank you for your interest in my work. Even after years of photographing weddings, it's still an honor for my work to capture the attention of others.

Wherever you are in your process of hiring a photographer, my goal for this guide is to ease your decision making. In this guide you will find questions that I have been asked most by my potential clients, my pricing, and a few things about me as the person behind the camera.

Weddings are such a delight for me. Being your photographer is much more than just showing up on the day of and taking pictures. I desire to get to know you and your story. The more we get to know each other before the wedding day, the more comfortable you will be in front of my camera, which will give you phenomenal photos. That's the end goal!

MEET ME!

I'm Jessica, the owner and photographer of Jessica Murrell Photography.

When I'm not behind the camera, I'm hanging out with my sweet family. I am a stay at home/homeschool mom with a 5 year old boy and a 4 year old girl. My husband and I are working on 9 years of marriage. We love to be with our church family and enjoy serving at Frisco Bible.

My husband and I, along with our first born, served on the mission field in Tanzania, East Africa for a few years. We loved it and miss it very much. We occasionally still speak Swahili in our home. It's fun. Some day we hope to return!

I attended Northwestern State University in Natchitoches, LA. I have a Masters Degree in Counseling. While I was there, I was the Feature Twirler in the NSU Demon Marching Band for 5 years. The biggest crowd I've ever performed for was 92,405 people!

I adore thrifting, reading (fantasy romance), book stores, libraries, and photography, obviously ;)

YOU HAVE QUESTIONS

Q: Will you be our photographer?

A: YES! I am not a media company so I do not book more than one wedding on a given date. It is just me, myself, and I running this show!

Q: How many photos do we get back?

A: I try my hardest to give back 75-100/hour. My average after years of doing this is about 700 photos in a gallery.

Q: What is your policy on other cameras?

A: All professional cameras other than mine are strictly prohibited. Cell phones are allowed but I do offer a discount for unplugged weddings. I always enjoy not having to edit out phones in your photos!

Q: Will my photos be posted publicly on your site or social media?

A: I always love to show off your pictures. I do respect your privacy and also your culture. If you choose for your photos not to be shared, that is totally okay!

Q: Will you Photoshop my images to hide any unwanted spots, wrinkles, etc?

A: I can work with you during our session to make sure your insecurities aren't prominent. However, only minor edits are made to your pictures. I believe people are uniquely beautiful and it is a personal conviction of mine to not heavily edit images.

I HAVE ANSWERS

Q: Do you have a list of preferred vendors to use?

A: Yes! I have definitely gathered my favorite vendors on a list!

Q: Do I have to order prints through you?

A: I highly recommend ordering prints off of my website instead of going elsewhere. The quality the company offers is top notch!

Q: What equipment do you use?

A: I have three cameras bodies. I use a Canon R5 and I have two 5D Mark iii's along with a 35, 85, 24-70, and 24-105mm lenses. I have external lighting and on camera flashes as well.

Q: Do you photograph destination weddings?

A: Yes! My very first destination wedding was in New Orleans, Louisiana and I've loved them since! Inquire for destination wedding packages!

Q: How long will it take to get our photos back?

A: My contract gives me six weeks to get your photos back to you but they usually get back to you way before then ;)

Q: How do we book you?

A: Choose your hours, choose your add-on's, sign the contract and pay the deposit! That's it :)

A bride with blonde hair styled in an updo with white flowers, wearing a white lace wedding dress with a long veil, stands by a large arched window. She is holding a bouquet of light pink and white roses with greenery. The background shows a white building with a grid pattern seen through the window.
