"Thank you for doing such an excellent job at our wedding! You are a true professional!

You respected our time together, and you always kept the focus where it belonged, on our wedding!

Your subtle and down to earth style provided everyone a level of comfort and confidence. We wish you the best

in all your future endeavors! Warm regards,

Lora & Marc (Pezzelli)," Greystone Mansion, Beverly Hills & Maggiano's Little Italy, Los Angeles, California

"What attracted us to your studio was the fact that we could spend according to what we wanted to spend- the fact that there was not a certain amount [of money] that we had to spend to receive your services.

We [also] loved the fact that we could customize our wedding book exactly the way we wanted it to look.

By the way, the book looks exactly the way we pictured it.

The colors are great. It looks very professional; very classy. Every possible moment was captured!"

Jorge Lourenco & Yi-Hsin Lee, Westlake Village Inn, Agoura Hills, California

□ "My wedding day went smoothly, and German had a huge part in making that happen. It is a fine line for a photographer to capture the day and ask for set ups for shots versus imposing themselves on the wedding and ruining the spontaneity of the day. □

I was very pleased with how German handled the whole day. He was on time, (I am a big stickler for that!!!). He communicated effectively and timely, I was on the other side of the country and worked mainly by email. He captured the whole day and night.

But the very best thing.... I have very special and unique images from the day!!!"
