\$550\* for a **Complete Wedding Package**: This includes a one hour consultation with the couple either in person or on the phone in order to develop their personalized ceremony and wedding ceremony script. It also includes my presence at the wedding rehearsal, blessing of the rehearsal dinner if wanted and 3 hours of availability the day of the wedding and signing & mailing of the marriage license. Geared for couples that want a minister involved from start to finish, which is available to answer all questions and be present throughout the rehearsal and wedding day.

This option includes a sit down meeting where I come to you (if within an hour's drive or do it on skype/google+). The sky is the limit for your options. We can talk about specific things you'd like said or even develop a theme. It will mean I'm available during the rehearsal and will guide the bride & groom in prayer or guided meditation. I will also be available the entire day of the wedding so if there are last minute changes or issues I'll be on hand to make those as well.

\$375\* for **Small Wedding Package**: This includes a one hour consultation with the couple either in person or on the phone in order to develop their personalized ceremony, wedding ceremony script and 2 hours of availability the day of the wedding and signing & mailing the marriage license. This package does include, prayer or meditation the day of the wedding for bride, groom or both. It can also include prayer or spiritual blessing over the reception as long as the reception occurs within the two hour of availability. This package does not include a rehearsal and can only be used if I am not required to be present at a rehearsal.

If you opt for the Small Wedding Package I'll sit down with you (we can meet half way OR do it on skype/google+) and bring a lot more options to the table. In that, it will be completely personalized from start to finish. We can talk about specific things you'd like said or even develop a theme. It will also mean I'm available the day of the wedding so if there are last minute changes or issues I'll be on hand to make those as well.

\$235\* for the **Vegas Wedding Package**: Includes a 30 minute phone consultation, wedding ceremony script, 1.5 hours of availability the day of the wedding and signing & mailing the marriage license. Tailored for those who merely want a minister to show up, tie the knot and peace out!

Vegas package comes with a "neutral" script in which you pick and choose which things you may or may not want (with several options in each section like readings, what's said when you exchange the rings etc). This way your ceremony is customizable to your belief system. Depending on what you pick the ceremony would be anywhere from 10-25 minutes.

\$150\* for the **Show Up. Marry Us. Bolt. Package**: This package is only Good Sunday through Thursday (Friday and Saturday weddings must choose the Vegas). Includes me showing up where ever you are. Saying three sentences (required by law... I've got to hear consent of both parties). Sign the wedding certificate and peace out. Couple is required to mail their own license. Please note that if you want a script or need any elements that require prep time you **MUST** choose the Vegas Package.
