Our Approach

Our approach is simple. We like to keep things light and create an enjoyable experience. We understand that not everyone feels comfortable in front of a camera, so we will help you every single step of the way. Our goal is to be one less thing you have to stress about, because you *know* we've got you covered.

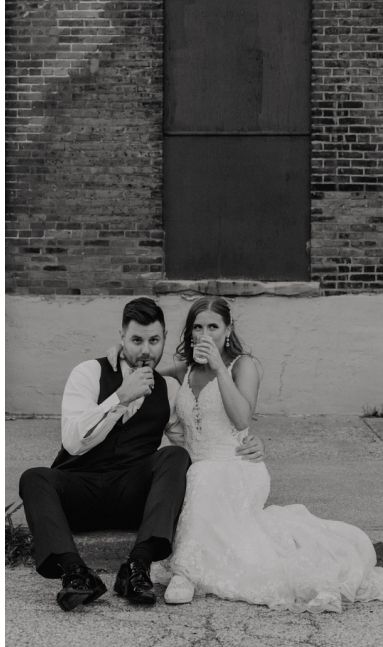

Our Style

Our style is uniquely ours. All of our photos go through the same editing process, but the wonderful part is that we edit them in a way where you can truly feel the essence of the day. We believe that it is important to keep your story as authentic + natural as possible. Whether it was beautiful and sunny or cold and rainy, that is part of what makes your wedding day, *yours*. Every type of day has its own beauty and we want to capture it EXACTLY as it was.

What you can expect from us throughout this process:

We are here to make it easy for you.

After Initial Booking:

- You will receive our "Welcome Guide." This 14 page document includes everything from shot lists and timeline examples to other vendor recommendations. It has taken us years to come up with the perfect guide for our clients, so we are really excited to share it with you!
- We will discuss what you have in mind for your engagement session and get that scheduled. If you've decided to take them during a different time of year, we will reach back out closer to that time to nail down the date. We prefer not to schedule photoshoots more than 2-3 months in advance.
- Finally, you will receive our "Location Guide" in case you need inspiration on where to take engagement and wedding photos!

About 2 Months Before Your Wedding Day:

- We will create the perfect timeline for your wedding day (either over the phone, video chat, or with some coffee in a cute coffee shop).
- We will send you a thorough questionnaire to fill out, so we know every important detail there is to know about your wedding day beforehand and nothing is missed.
- You will receive a reminder regarding your final payment.

The Week Of:

- We always do a quick check-in to make sure nothing has changed and to reassure your mental checklist that Meghan Media is ready and excited!

****That being said, this is a two-way street. You've got a question? Feel free to reach out at ANYTIME. We know that you have to figure out details with your venues, caterers, DJs, etc. and might need our input.***

Kind Words

"My husband and I absolutely loved working with Meghan not only on our wedding day, but all the days leading up to it! Meghan was responsive, flexible, timely, patient, dependable, and so much more. She helped recommend other trustworthy & great vendors such as makeup artists, videographers, hair stylists, etc. She takes her job seriously and you can tell how passionate she is about not only her work, but also the couples she is working with. She takes the time to get to know you and your partner on a deeper level so she can truly capture your relationship for what it is! She did just that on our wedding day! We were so happy and speechless with how our wedding photos turned out. She did an amazing job in capturing us for us, the pure joy in our hearts that radiated that day, and our relationship so perfectly! She is incredible at capturing "in the moment/candid" shots that reflect all the emotions you feel in every moment. You will NOT be disappointed in choosing her as your wedding photographer!"
