

The logo for Zoart Photography features the name 'Zoart' in a large, elegant, cursive script. The 'Z' and 'A' are particularly prominent, with the 'o' and 'r' flowing smoothly between them. The 't' has a long, thin tail that extends to the right.

I'm currently finishing ten years of photographing weddings, and still retain the love and excitement for every event. I pride myself on fine-tuning the day's timeline to assure we have ample opportunity for family formals, bridal party images and the romantic session between bride and groom. I have experience shooting inside and outside of California and travel has always added to the allure for me. I'm creative, resourceful, dependable, artistic and very adaptable to style or circumstance— I am reliable and dedicated to my craft and while my photographic style can easily shift between intimate and formal, my preference lies with the candid and contemporary. I'm easy to work with because I pride myself in the ability to work without being intrusive

Thank you for your consideration, Robin
