Do you need me to attend your rehearsal?

Rehearsals are for practicing the processional and recessional (the bridal party walking in, walking out and where they should stand). You do not rehearse the ceremony.

Most wedding venues provide the rehearsal and a rehearsal coordinator, as part of your ceremony package. If your venue includes this service in your ceremony package, I do not attend. **Don't waste your money on duplicate services!** Please contact your venue to confirm this information.

That said, the number of venues who are discontinuing this service is growing. Especially at the beach and high volume locations. If your venue does not provide or no longer allows rehearsals, I will provide this service and we have two options. We can do a same-day rehearsal immediately prior to the ceremony, or rehearse at your dinner location. You need this information prior to our initial meeting so I can book a rehearsal in my calendar if necessary. Rehearsals must be planned around my ceremony schedule.

Rehearsal fees are based on travel and will incur an additional fee.
