## Rehearsals - Do you need me to attend?

Rehearsals are for practicing the processional and recessional, that is the wedding party walking in, walking out and where they should stand. We do not rehearse the ceremony.

Many wedding venues & Planners provide the rehearsal and a rehearsal coordinator, as part of your ceremony package. If your venue includes this service in your ceremony package, I do not attend. Don't waste your money on duplicate services! Please contact your venue to confirm this information.

That said, the number of venues who are discontinuing this service is growing, especially at DIY locations. If your venue does not provide rehearsals, we can add this service. You have two options. We can do a same-day rehearsal an hour prior to the ceremony, or the night before at the venue or your dinner location. Rehearsals will be booked around my ceremony schedule.

Rehearsal fees are based on travel and range from an additional \$50-250.
