

Hello &
Welcome!

Your wedding day only happens once, so thank you for considering us to help you cherish it forever.

DEAR FUTURE BRIDE AND GROOM,

We know how much time you are putting into planning every aspect of your big day, and we take the job of photographing it very seriously. After doing this for nearly nine years I have gotten to be a part of so many beautiful beginnings and it would be a honor to be a part of yours. We know the day will fly by, but our mission is that when you look back through your pictures you will be able to re-live every beautiful moment. Let us put your minds at ease and make this a wonderful experience from now until you are holding your photos in your hand!

LESS POSING, MORE PLAYING!

We believe that the best moments happen when you are having fun, so that's what we do with our clients. Our approach is laid back and is proven to put you at ease so that you look back and remember your shoot with fondness. Everything about your day should be perfect and that includes the process of having your pictures taken.

We also want to hear from you! In your consultation we will discuss the values you have for your wedding so that we understand how long you want to take on pictures and how much time you want to spend celebrating with your guests.

ENGAGEMENT SESSIONS

Engagement sessions are one of our favorite things to shoot because it is a chance for us to really get to know you and vice versa. We both get to know each other's styles and it helps prepare everyone for the wedding day. But more importantly, it is a time that you can set aside to just have fun together in the middle of all the other wedding preparations. Our clients rave about how much fun they have during these sessions and we hope that you will too!
