

A full-page photograph of a bride and groom in a park. The bride is wearing a white, strapless, floor-length gown and is looking at the groom. The groom is wearing a white shirt and dark pants and is looking at the bride. They are standing on a grassy area next to a small body of water. In the background, there are several large trees with green leaves, and the scene is bathed in soft, natural light.

2015-2016 WEDDINGS

WELL HELLO THERE!

I'm Amberlee!

A professional wedding photographer, living in beautiful West Virginia.

Weddings have always been one of my absolute happy places! Ever since the very first one I photographed I knew I had found my passion. The details, the vows, the kisses and hugs from the families, the joy of two people starting a new chapter, the hustle & bustle (pun intended), and the tearing it up on the dance floor into the evening... I can't get enough!

I've had the pleasure of photographing over 125 of them since opening my business in 2007. My images have been featured in and on the covers of WV Weddings, Corridor and Cowgirls in Style Magazine. My portrait and lifestyle photography has been featured in over 25 magazines -including five covers there as well.

I have experience with various venues and outdoor locations around West Virginia, as well as the Pittsburgh and Washington, D.C. areas.

Planning a destination wedding? I LOVE to travel! I've photographed weddings in Jamaica, Mexico, England, Montana, New York, New Jersey, Colorado, Hawaii, Delaware, Ohio, Pennsylvania, Kentucky, and Virginia and we love to explore and photograph new places!

As artists and photographers, we wish to present our work in the most beautiful, vivid way possible. For this reason, we offer outstanding, state-of-the-art fine prints for our clients. Striking color is only the beginning of what makes our prints unique; our prints also come in a variety of sizes and textures. Whether you want a traditional glossy finish or a Giclee fine art print on watercolor paper, we know where to go to get the good stuff.

WALL CANVAS

There is little more striking than a beautiful, three-dimensional canvas piece hanging on your wall. Our canvas products are printed directly onto archival fabric and stretched on a durable wooden frame. The end result is an exquisite gallery-style wall piece ready to hang without need for framing.

We love watching your favorite photographs transformed into a true work of art to decorate your home for years to come.
