## ABOUT ME

### Professor / Artist

I teach film and digital photography at GVSU and Kendall College. I have a Bachelors in both photography and advertising, an Associates in business and a Masters degree in both Fine Art Photography and Visual and Critical Studies. I've been photographing since 2008 and I really, really, love my job, like.. a lot.

[WWW.APAIGEPHOTOGRAPHY.COM](http://WWW.APAIGEPHOTOGRAPHY.COM)

I label myself an artist and love to create. I do not work from lists but if there is an image you love I will try my best to capture it, but I would rather originally create for you.

I love to represent every wedding differently and it is so incredibly important to me that your day stands out as your day and not just another day of images on my feed. Every wedding is different so I find them important to represent differently, as they felt, and as they occurred.

I think it's really important that my clients absolutely love my work and do not just book me because I'm within their price range.

I also find it important to mention that my graduate studies opened my eyes to body comparison and self-confidence, therefore, I do not alter bodies but represent them as the beauty they are the day I photographed them. This is because I don't believe you should compete with a version of you, that never existed, for the rest of your life.

# Important Details About Me

# Engagements Details

An engagement session with a wedding contract signed is \$200. This includes half off a normally priced session, one hour of photographing time, and all high resolution images delivered via online gallery. **You can book an engagement session with no contract for \$400.**

# Wedding Packages

I book weddings based off of time and hours of coverage. There are a few options but I can always customize something specifically for you!

Also, I'm a pretty chill human, so if you need to book something just to make sure you have me but end up needing more or less time as the wedding comes, we can switch it, No problem.

All packages listed without engagements,  
add an engagement session for \$200

## 4 Hour \$2600

Short and sweet.

Choose a block of time that covers the most of your wedding day with a budget in mind. If you really want great quality images during the ceremony, family and bridal portraits but have a number in mind, I WILL work with you on covering the most I can for the least amount of cost.

A Little Bit of Everything.

Eight hour packages are my most chosen package. It allows for some details in the morning, end of getting ready, ceremony, family, bridal portraits and a good hour and a half [or more if timed right] of the reception. Sometimes this allows for sunset or night portrait time too!

## 8 Hour \$3600

## 6 Hour \$3200

Just Enough.

Six hour packages typically provide enough time to cover the ceremony, family, bridal portraits, and a little bit of the reception if it's timed right. If getting ready and final reception images aren't that big of a deal to you, this package is a good choice.

A lot of Everything.

Ten hour packages give a lot of time for most of the day. If you want more getting ready images and a good chunk of the reception and everything in between, this package just gives a bit more wiggle room to create and to document the in between stuff from beginning to end.

## 10 Hour \$4200

# Final Thoughts

My biggest goal is to make my people feel comfortable in front of my lens. I can confidently say that I do this well because I can relate to it. The more comfortable you are the more real you will be, which is my second goal, catching real moments. Although I have shown you several fine art and technical images [specifically in this document], I cannot stress enough how important real moments are. So think of me as that best friend with the camera that captures images of you just having fun for your Myspace profile photo. I produce that vibe, and I'm proud of it.

# Travel Photography

Travel Photography is defined as anything that I have to fly to. Generally more than 6 hours of driving time.

Travel Photography deposits are \$1000. This is because I use the downpayment to book my own travel and hotel accommodations. You are not responsible for booking any thing on my end.

8 Hour	\$4200
10 Hour	\$4800
12 Hour	\$5400

This includes me coming to the rehearsal and dinner the day prior for an hour.

All packages cover the same aspects as a local wedding. The biggest difference is that I have to travel to get to ya! These specific packages only come with me as a photographer, although I will bring someone generally to help me set up stuff. If you would like another photographer you may add one for \$550. The details of coverage and final product are the same as the local weddings listed above.
