

Laughing Earth Flowers Pricing Guide

Pretty much everyone planning a wedding will scroll through Pinterest or various Wedding Blogs to find inspiration, then save their favorites on their wedding boards. Sharing your favorite images with your florist will give them a good idea about the style and ambiance you're wanting to create. However, not realizing that these styled shoots are often created with high or unlimited budgets really creates confusion when trying to understand the real cost of wedding flowers, so here's a quick breakdown of popular flowers and greenery from the top end of the price scale to some beautiful flowers that will work for almost any budget:

- **Luxury:** Peonies, Garden Roses, Phalenopsis Orchids, Colored Hydrangea (except light blue), Dinner Plate Dahlias, Calla Lilies, Stephanotis, Italian (Clooney Ranunculus), Tropical flowers such as Protea, Bird of Paradise & Anthurium

Our goal is to create wedding flowers that fit your style while working within your desired price range, so we will ask how much you'd like to spend before we schedule a consultation. A typical wedding with us usually falls within a range of \$2500 - \$3500 depending on style and flower selection, the type of service you're wanting, and what time of year you're getting married. Larger weddings or using fancier flowers will increase that cost. While we do have budget minimums for our custom design services, we also offer packages that are not subject to minimums. To get a better idea of what you can expect to spend for certain flower arrangements, here's a list of some of the more popularly requested items:

Item	Economical Range	Standard Range	Premium Range	Luxury Range
Bridal bouquet:	\$225 - \$275	\$285 - \$325	\$350 - \$450	\$475 and up
Bridesmaid bouquet:	\$65 - \$80	\$85 - \$100	\$125 - \$145	\$150 and up
Flower for Arch :	\$175 - \$250	\$275 - \$375	\$400 - \$550	\$575 and up
Low Centerpieces:	\$65 - \$95	\$125 - \$145	\$150 - \$200	\$225 and up

This is just a sample of average prices for our flowers. There are SO MANY variables that can affect the price of any arrangement, and every wedding is completely unique and may not fall neatly into that price range, so it's tricky to really get specific until we know exactly what is going into them. The important thing is to get the overall look in line with your vision, and that's what we focus on when designing your flowers, rather than specific blooms. Whatever you're going for, we're here to help make the whole process a little easier, so let us take care of you, so you're free to enjoy the day.
