

# *You Get What you Pay for*

**A: The “Family Friend” DJ \$0 - \$200 (nice surround sound)**

**B: The iPod DJ \$300- \$400 (nice ambulance 80's party light, cheap equipment, tacky setup)**

**C: The iPad DJ \$500 - \$600**

**D: The Wedding "Pro" DJ \$600+**

## **Why Budget DJs are not a great option for your special day?**

Picture A: Never trust your wedding day to a family member or friend of a friend unless he/she is a bonafide wedding DJ. This situation never turns out good

Picture B: If you are paying a DJ to orchestrate your special day with his iPod, you probably should not be paying for the services on something you could have paid your brother to do. Plus those 1980's fluorescent moving lights will look awesome all over your wedding pictures

Picture C: If you hire a DJ and they are sitting in a chair the whole night DJing your wedding from their iPad or laptop on Spotify or Apple Music. No entertainment factor

Picture D: If a person or company has option of calling themselves a "pro" you should not have "digital spaghetti" lurking in your wedding photos. Not to mention the trip/fall hazard those cords are. You just overpaid even though their price fit your budget

**Go with a true professional: Clean setup, professionally dressed, actually DJs too. Knows how to mix and blend different genres. The party never stops until the end.**

Earl was amazing! Not only did he do a great job at the wedding, but **he saved us by being our DJ with only 4 days** to go when our previously booked DJ went out of business and neglected to tell us until it was almost too late. Earl really helped me from having a last minute nervous breakdown trying to book another DJ and figuring out all the logistics. He is so sweet and you won't regret booking him for your wedding. 5 star for sure!! Thanks Earl!!

From our first meeting with DJ Earl, we knew we wanted him on our wedding "team". It's plain to see how he **honestly cares about each couple** and strives to contribute to the wedding as much as he can. When the wedding day finally came, he was there set up ready to go early, you never even saw the speakers outside during the ceremony (still don't know where he hid them), **the Dj table setup was professional and aesthetically clean, and he even included the most amazing uplighting.** His timing throughout the night on announcements and songs was flawless, as was his ability to read the crowd and change genres in order to get more folks up and dancing. So glad we had him there with us on our wedding day and if we had to do over our wedding again, we'd hire him again in a heartbeat, no question.

This is by far the best DJ in Charleston. If you are going back and forth **between a DJ or a band, I 100% recommend this DJ.** Earl will accommodate his playlist to meet your interests. Our guests hardly left the dance floor. We had a blast and most importantly, what he played was a reflection of us.

DJ Earl and his team did a phenomenal job at our wedding! They were amazing !! **He was so organized, very prompt with responses** and was so helpful throughout the entire planning process. He made some great suggestions for song choices and the flow of the reception. **He met with us to go over all the details and we felt so at ease afterwards.** At the reception our guest never left the dance floor. We have heard from so many of our guest it was the most fun they've ever had at a wedding reception and we owe that to DJ Earl and his team. My husband and I had a blast dancing too! We've already recommended DJ Earl to our friends and family who are planning their upcoming weddings. We highly recommend DJ Earl and the Dance Doctors team to any bride you will be so happy!! We had a **multicultural wedding** and I was worried that a Charleston DJ wouldn't do my culture justice. Earl was so accommodating and reviewed every song including the little traditions and dances that go with each song. He's also great at anticipating which songs will get the crowd dancing. Earl was the DJ at our wedding last weekend and was absolutely amazing! The music was great, he kept people dancing all night and even brought cool light sticks for the kids! He also did two awesome lighted monograms for us - one on the wall and one on the dance floor! Some of these things were total surprises for us and great additions to our wedding! He's very generous and very affordable! As far as planning our special day, he kept in touch regularly and made great suggestions for song selections and timing of events during the reception! Dance doctors was amazing!! The only thing I would suggest is making sure you go ver with the DJ how to pronounce bridal party names.

*The sweetest words in the English language is the sound of your own name. Please pass on my apologies to Anna for mispronunciation. Outside of that, I feel the reception was a big success. Watching you and your bride dance all night with friends and family was so much fun. You looked so amazing in your dress too. You had the perfect setting for a great wedding*

If you are looking for a DJ for your wedding then I urge you to stop looking and book Earl this minute. He is the absolute best DJ that you can get and he even does awesome lighting. **We love Earl so much that we brought him down to Disney World to DJ our wedding. We had to pay Disney extra money to allow us to bring in an outside DJ and we were happy to do so because we knew that the quality we were going to receive was far better than we could have asked for.** Earl goes above and beyond to make your reception the best thing ever. I'm a wedding videographer myself so I know that a DJ can make or break a reception so don't let ANYTHING get in the way of having the best possible reception that you can have, hire Earl. You will not regret this wedding decision in slightest.

If you are looking for an amazing DJ that will **keep everyone on their feet** for your event you've come to the best place! Earl was the DJ at my Sweet 16 Birthday Bash and he made it one of the best nights of my life. **From the minute we connected on the phone to the night of the party, he was always there with a positive attitude and offered help wherever possible.** He's one of the best people you'll ever meet and will do whatever it takes to make sure your event runs smoothly, so you won't have to worry about a thing. Nobody left the dance floor the entire night and everyone had a blast even if they weren't the dancing type. My husband and I booked Earl with the Dance Doctor earlier this year. From the very beginning we have loved everything about him. Earl was truly one of the best vendors we worked with for our wedding! From **our very first meeting, we immediately hit it off.** He was so **easy to talk to** and we felt like we were **catching up with an old friend.** He answered all of our questions with ease and made us feel comfortable right from the start. We knew the weight of our decision would be heavy **(as picking a DJ is a MAJOR deal, they are the LIFE of your party)** but after meeting with Earl, we honestly felt such a weight lifted off of our shoulders. Any questions we had, we always got a speedy and friendly reply, usually within 24 hours. On our wedding day, he arrived early and dressed professionally. He was the life of the party! Book with The Dance Doctor and you will not be sorry!! Thank you Earl for making our wedding day SO memorable, special and F-U-N.

Everyone had a blast and danced non-stop. He catered to the entire crowd and had every person on their feet. He also helped me handle the timing of the wedding. Wow! What a great dance party!! -with a sweet little wedding attached to it! Not being from South Carolina made planning this shindig a little challenging, and I didn't know how it was going to end up, but Earl did not disappoint! Such great music, and Earl is such a great guy to work with. Can't say enough good things about our experience with SCDanceDoctors! Great memories were made, and Earl definitely helped make it all happen.

Earl is one of the most professional men that we have ever dealt with. In our business, we frequently host large scale corporate parties/dinners/events and consistently require bands or DJs for live entertainment. Earl is by far the best one I've ever come across, and I've dealt with well over 20 acts from across the country.

I would highly recommend Earl to anyone looking for a good, trustworthy and professional form of entertainment. I hope to use him again soon for another party that will come up in our future. He is a nice guy, very responsive, easy to work with and great at entertaining. He listens and takes direction extremely well and consistently checks in with the event hosts to make sure that he is doing the best job that he can do. I can't stress enough how great of an experience it was working with Earl. Keep up the good work!

Wow! Earl was incredible. The absolute perfect fit for our corporate awards ceremony and holiday party. This was a challenging event in that we needed music for cocktail hour and dinner as well as for dancing afterwards, and for a really diverse (young and older) crowd. He met our needs perfectly, gauged the crowd for what to play next, got even some of the more staid executives up and moving, and kept a smile on his face for the entire event. Highly recommend him and will certainly call on him again for future events. GREAT job!

Earl performed for conference at the Charleston Marriott. During the contracting phase, Earl was incredibly professional and well-mannered. He understood our particular needs and was able to tailor his performance to ensure that all of the attendees had a fabulous time. Without hesitation, I would recommend his services.

*Thank you Charleston Marriott for your kind words. It was a great experience for me to do your award ceremony and reception for your hotel partners. Seeing everyone dancing as they approached the stage to get their awards was awesome. So glad they enjoyed my musical selections. The owner said, "think about the academy awards and create that energy", I think it's fair to say we met his expectations :)*
