Day of Coordination / Month of Planning Assistance

This day of coordination service is also known as month/day of coordination as there is much more involved than showing up on site the day of. It is included in the comprehensive wedding package. It is for couples that want to plan most of the entire wedding on their own, but also want someone to take over on their big day.

I will

- have you complete a questionnaire to thoroughly understand your vision and concerns of both you and your family.
- meet with you several weeks prior to the wedding for a site visit.
- review what you have asked each vendor to do or provide.
- recommend vendors, if needed.
- create a timeline or agenda for the day of the wedding and send this after confirmation to appropriate vendors.
- implement the timeline to keep vendors on schedule.
- oversee your rehearsal the day before.
- finalize details about the ceremony and reception set-up and decorating.
- guide or assist in floral arranging and in general styling if needed for a DIY wedding. Note that time or circumstances may not permit me much physical creation. It will depend on your individual situation.
- arrive equipped day-of with some back up items, such as, candles (battery and real), sheer fabrics, lanterns, baskets, shims, decorative trays, and sundries that may be needed to remedy an emergency situation. In general my nature is to have everything look as nice as possible within the given budget and aesthetic of the bride and groom.

**Pricing for Day/Month-of Coordination usually ranges from
\$1800 to \$3500, depending on your needs,
plus travel expenses, if any.**

**Note that all of the above prices include my partner
as a helping hand on the day.**
