Brian PERRY

Hi, I'm Ryan SatterFIELD!

I am our LEAD EDITOR and most of the time you will find me behind the desk of my computer breaking down footage, searching through music bed, color grading or enjoying a nice salmon salad for lunch (I've got to eat sometime right).

Since we started our business I have only had one thing on my mind. it's to simply MAKE PEOPLE HAPPY. I want to give people something they would have never dreamed was possible and capture a moment in time for them that will be one of the most joyous occasions in life. Being able to see and hear those special moments is truly special to me. I am a romantic at heart and I think that shows in the edits. Leveraging the strengths of each unique day that we shoot is like making a work of art every time. THAT NEVER GETS OLD TO ME.

Hi, I'm Brian PERRY!

The truth is, I was never that guy with a camera in my hand that lived, breathed, and died film. I never went to film school; I went to business school. MY PASSION IS PEOPLE AND BUSINESS.

Creativity for me started in Junior High when I began writing music. I never wanted to just cover other people's songs; I wanted to write my own. In this business, being creative for people on the biggest day of their life and giving them an UNFORGETTABLE EXPERIENCE is what it is all about.

I freakin' love what I do.

A 16 Minute Minimum Cinematic Feature Film*

All raw footage from the day**

* Actual edit may be up to 20 minutes in length. Must qualify for a feature film depending on size of wedding party, guest count and overall content.

POPULAR ADDITIONAL CINEMATIC EDIT

A 3-5 MINUTE DIRECTOR'S CUT TRAILER EDIT

A director's cut trailer film is essential if you like movie trailers. Our couples want to see their highlight film no doubt, but they also want to show off their day with a shorter edit and a trailer film is perfect way to do that. The trailer is shorter, uses the most cinematic shots from the day to create a piece that you will want to show off to your friends, family, and co-workers over and over. This can be added to a feature film or highlight film package.

\$1,000

DOCUMENTARY EDITS

SPEECHES RECORDED IN FULL, SYNCED, AND EDITED

Sometimes people give great speeches... and sometimes they don't! Trust us to use the best of the best from a speech in the film as what we like to call "supporting audio." When a speech giver talks about the couple, their relationship, and how they have grown over the years, that always makes for a useable clip in the film. But, if you want the good, the bad, and ugly regardless of what they say... the speeches edit is for you. We sync up the audio file that we have from the DJ's feed, and edit together anyone who gives a speech during the toasting section of the reception.

\$300

CEREMONY RECORDED IN FULL, SYNCED, AND EDITED

For some couples, just seeing the highlights of the ceremony is not enough, which is why we created the ceremony edit. With this edit, you are able to watch your entire ceremony from processional to recessional, and hear every word that was said during the ceremony. We work with the DJ to get a live feed from any microphones used during the ceremony, we sync up the multiple cameras used to shoot the ceremony, and create a documentary piece that you and your entire family will be able to relive. If your ceremony is 18 minutes long, you will have an 18-minute edit... 22 minutes long, you will have a 22-minute edit... 26 minutes long, you get the idea.

\$600 for a traditional 20-30 minute ceremony

\$1000 for masses or non-traditional ceremonies lasting any longer
