

Events in a Box

Weddings & Events
Consulting, Planning, Design, Officiant and Invitations

Events in a Box is a Durham-based company that offers full-service wedding planning. Planning your wedding is no easy task. The best part about hiring a planner is that it is stress-free. The best part about hiring Events in a Box is that you can explain your vision from home. Their virtual planning tool makes it a breeze to work around busy schedules or from long distances.

Services Offered

Events in a Box will provide you with all the tools you need to have an exceptional wedding. Our services will be the roadmap for your timeline, guest lists and referrals. Packages range from small consultations to full-services. Choose the one that best fits your needs, and we will be able to communicate your vision.

Other Services

We are able to offer additional services such as: officiate your wedding and paper essentials (i.e. invitations, save the dates, etc). Your officiant will get to know you through meetings and then marry you the day of your wedding. Those consultations can be held remotely as well. We do offer onsite wedding planning and design services.

Sincerely,
"Coco" Chantel Smith-Johnson
Owner and Wedding & Event Professional

Since 2006 we have been creating amazing wedding and events across the Carolinas from Wilmington to the Great Smokies and Grandfather Mountain on down to Charleston and even to the mountains of Tennessee!
