# THE Geoding EXPERIENCE

MY PHILOSOPPHY | I'm sure your mind is racing with all that needs to be planned. It's all very exciting but it can also be somewhat overwhelming. You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! My goal as a wedding photographer is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. When my couples feel comfortable and relaxed in front of the camera, that results in genuine, joyful images! When I think back to my wedding day, I remember amazing memories.... but most of the moments I remember really well are the instances that were captured in my pictures. They are priceless to me. Your wedding day is an experience from beginning to end and your photography is a huge part of that experience..... shouldn't it be fun? and enjoyable? and natural? I think so! My goal is to not only capture memories for my clients, it's to create an experience that they will never forget. T H E P R O C E S S | One way I ensure that my brides and grooms enjoy the BEST photographic experience possible is through forming a relationship with our couples. I try my best to make sure that all of my couples are the PERFECT fit for my services before officially booking. A bride and groom should connect with their photographer, trust their photographer and be excited about the whole process with them! After booking, I love getting to know my clients through an engagement session. That helps them warm up to the camera so that they are ready to rock and roll on the wedding day! By the time the wedding day arrives, my clients feel more like friends and that creates a safe and relaxed environment for photography! Now that you know a little bit about my approach to the wedding day, you can continue reading to find more detailed information about the Wedding Experience!

## FAQ's

## THE WEDDING EXPERIENCE

## ENGAGEMENTS:

DIGITAL FILES:

Your session will be up to 2 hours at 2 locations of your choice. I love it when couples ask me to photograph them in a location that means something special to them! I book engagement sessions at least a month in advance and up to 30 miles of travel is included.

I average 75-100 images per hour of shooting. I love delivering my client's files quickly and easily via an online gallery. You will have the ability to print, share and download your images as much as you want. You can expect your gallery between 4 to 6 weeks after your wedding day.

## C O V E R A G E:

I am often asked if 8 hours is enough time to capture the full wedding story and the answer is yes! My main goal right now is securing and saving your date. You can always add additional coverage as we get closer to the big day and we have a good idea of your timeline.

## M Y S H O O T I N G S T Y L E :

BOOKING:

I love being both interactive and discreet throughout the wedding day. There will be parts of the wedding day when I will need to be in control in order to accomplish everything that needs to be done while staying on schedule. There will also be moments when you shouldn't even know that I'm there. (The ceremony, during dances and toasts, etc.) You'll learn how to pose, model and interact during your engagement session so you are naturals on the wedding day and don't need quite as much instruction from me!

Once I have answered any questions you may have and you have decided that my Wedding Experience is exactly what you're looking for on your wedding day, the next step is a booking proposal. I will create an online proposal that will walk you through the package and when you're ready you can save your date by signing your contract and paying your deposit online.
