

WEDDING CINEMATOGRAPHY PRICING GUIDELINE

Our pricing structure has been built on the idea of flexibility and making the perfect package for you. You start with the Highlights Film Package and go from there.

HIGHLIGHTS FILM - \$3000

TWO CINEMATOGRAPHERS

Every wedding has two cinematographers to capture each angle and moment of your wedding. We will be there throughout the total coverage time.

COVERAGE

We believe in complete coverage from start to finish on your wedding day. All packages start with ten (10) hours of coverage.

HIGHLIGHTS FILM

The Highlights Film is our simplest film. This film is 5-7 minutes long. The essence of your wedding crafted simply to remember the highlights of your wedding.

SPEECHES

Don't rely on a family friend with their handy video camera. We film each event in entirety, including every speech. You will receive the speeches on the media disc only.

MEDIA

After the wedding, you will receive one custom printed DVD or Blu-Ray disc with case. All of our finished films are published online so you can share with family and friends.

THEATER PREMIERE

You, your family, and your friends are invited to a special premiere of your wedding film in our studio. Popcorn and drinks included!
