THE  
HAPPERS

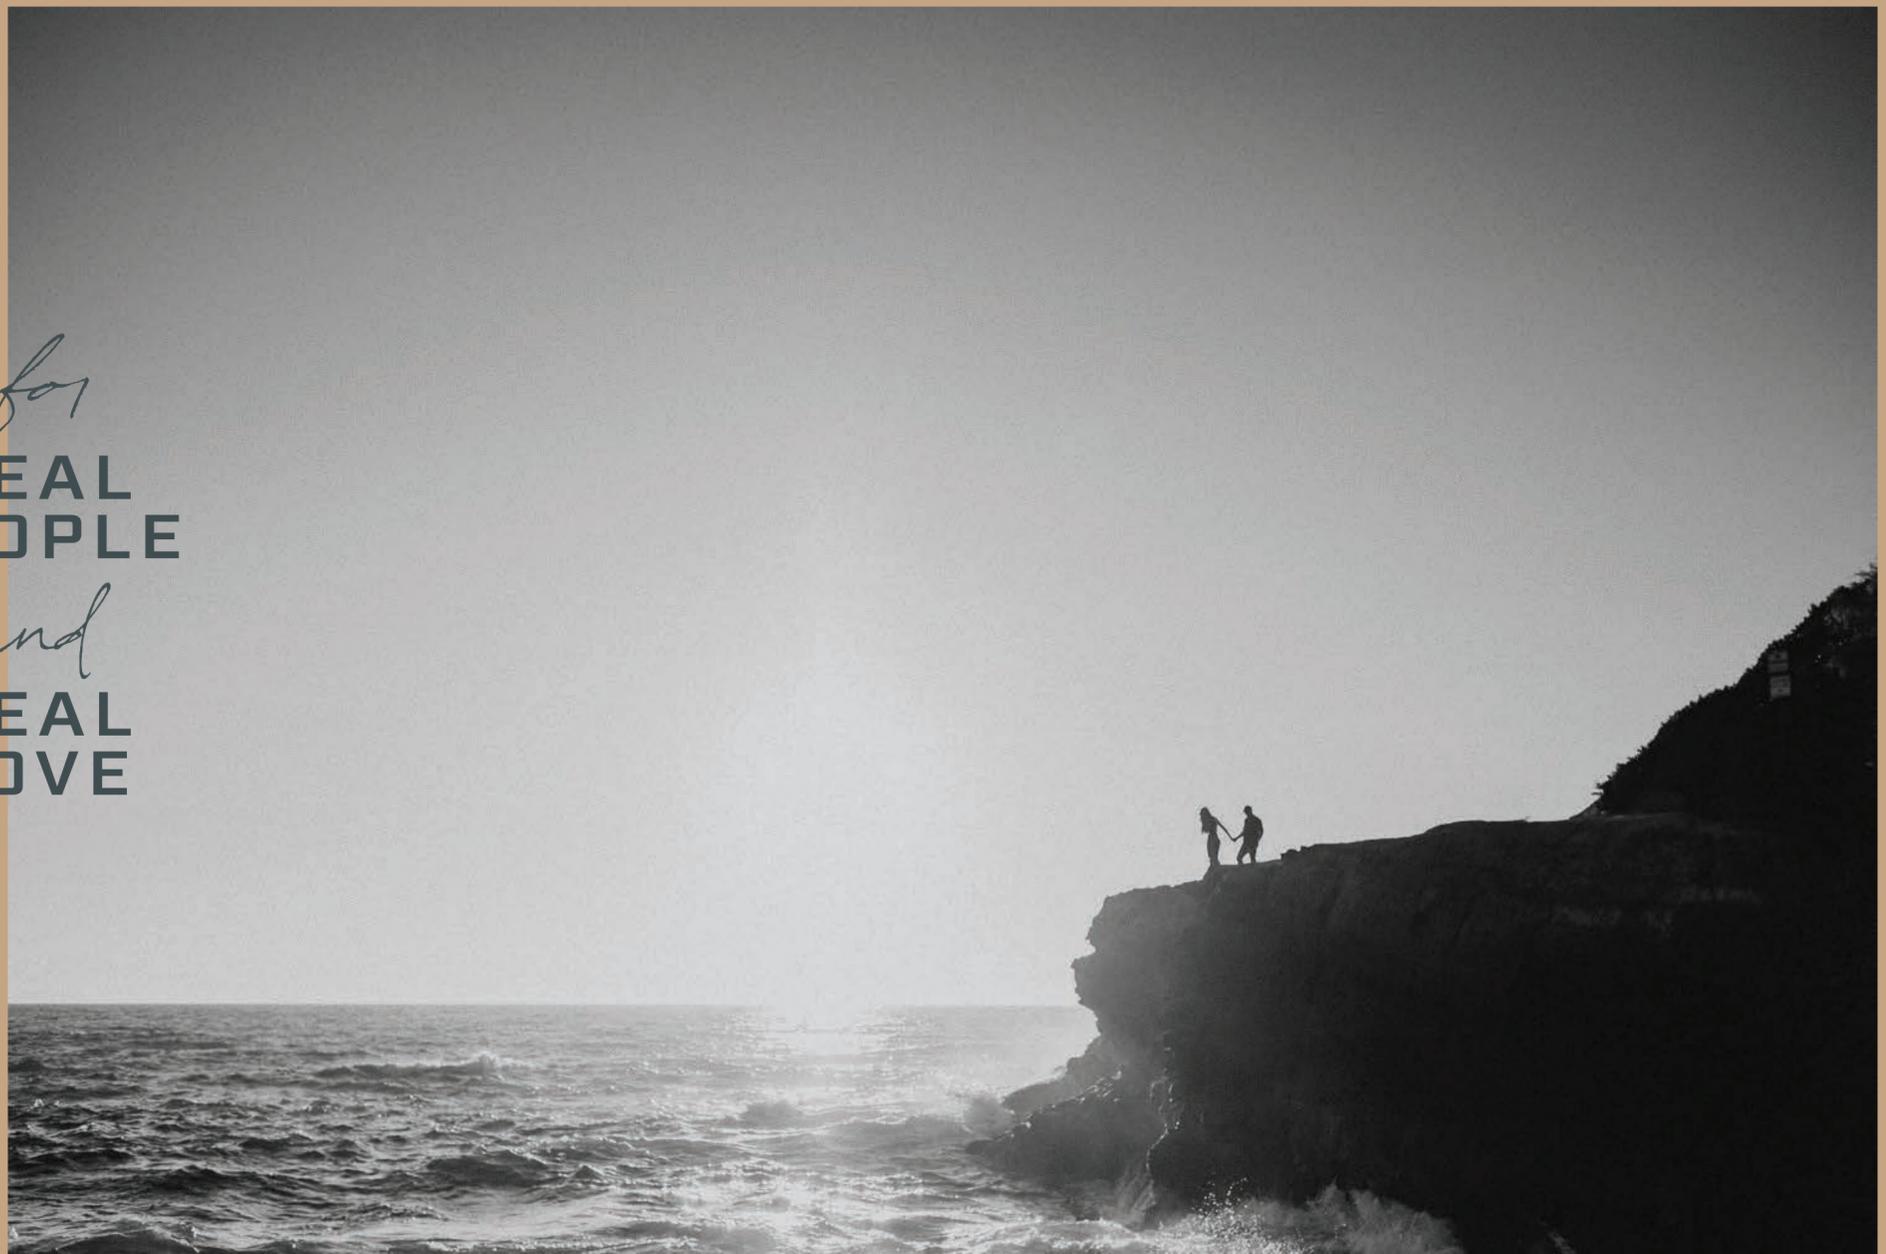

hey! we're nate & ali.  
we're excited to meet you &  
give you insight into what  
we do & why we do it.

together we can freeze time,  
capture those fleeting moments  
& create images that last forever.

we love connection & emotion,  
vulnerability & embracing the  
present moment.

we're here to do more than just  
take photos. we're here to  
create memories.

*for*  
**REAL  
PEOPLE**  
*and*  
**REAL  
LOVE**

# usually this is where people talk about why they love love,

or about why they love taking photos, making films or creating in general. but honestly, that's already evident & also kind of irrelevant to you. so instead i'll tell you about who we are, because if you're going to spend 10 hours with us on your wedding day, we sure as hell better get along.

**WHERE DID YOU MEET:** we were in the same class in college in 2010, we both studied in sydney, australia for two years

**WHERE DID YOU GET MARRIED:** on a horse farm outside ali's hometown in Canada.

**FAVORITE MEMORY TOGETHER:** anytime we travel. new zealand or hawaii are our fave places we've been together.

**WHERE DO YOU LIVE:** we currently live smack dab in the middle of the US. we currently call Kansas City, MO home, but travel to my hometown outside of Toronto Canada often.

we aren't just another vendor. we make it our greatest goal to make sure you leave your wedding day with a smile on your face, thankful for time with your guests & then weeks later, with images to remember it all by.

we know there are a lot of decisions to be made through this engagement season & we do not take it lightly that you are thinking of us to capture some of the most intimate parts of your wedding day.

take time to review this guide & if you think we're a fit lets set up a time to start making some plans.

ali was the biggest blessing on my wedding day! her down-to-earth spirit, but genuine excitement helped me to relax & soak up every moment! as someone who hates being in front of a camera / is really awkward, ali created an atmosphere that was so natural & fun that I didn't even notice her! you will not be disappointed when booking her!

ali & nathan were the best to work with. they are both chill, fun, & easy-going. we got a ton of compliments on them, everyone loved how nice & easy they were to work with.

truthfully, when we were searching for photographers, i had narrowed it down to about five & left it up to my fiance to choose, & he chose them! they captured one of the most important days of our lives & we are forever grateful.

nothing could have prepared me for how emotional & overwhelming the day would be, in the best way possible! & now its all in this capsule of special photos for us.

— audris

ali's photos have not only helped me relive one of my favorite days, but she has given me images that remind us how very special & intimate that day was. as a fellow photographer i took this decision very seriously. if you book her expect dreamy images, a relaxing time & lots & lots of smiles!!

— esther

choosing ali to capture our wedding was FAR & ABOVE the best choice that we made!! she is not only an incredible photographer who TRULY tells a story, but she is also an amazing individual that will be your friend & make you feel incredibly comfortable in front of the camera. she's willing to do absolutely anything to ensure you have the best wedding day. i cannot recommend her enough!!

— annie

I picked the happens because they were the wedding photographers for one of my best friend's wedding. the exact spot I was married and the exact time of day were picked specifically to get the kind of pictures I envisioned. ali picked up on that and I felt like she was on the exact same page. the weather cooperated and ali got the gorgeous lighting and artistic detail I was hoping for. I t was perfect and I look at back at them and can't believe how lucky I was that I picked such a great photographer!

— vanna

from the very start ali showed genuine interest in capturing a day that would reflect who we are as people. she was completely fine with our wedding being out of the box. she was upfront about her prices and the package options were easy to understand. her images tell a story and very much reflect the people in them. brides spend the most time with their photographer on their wedding day, and I am very glad my day was spent with ali.

### cards

are printed through Minted, a global design marketplace. if you'd prefer to do it yourself, let me know i'll give you a discount code!

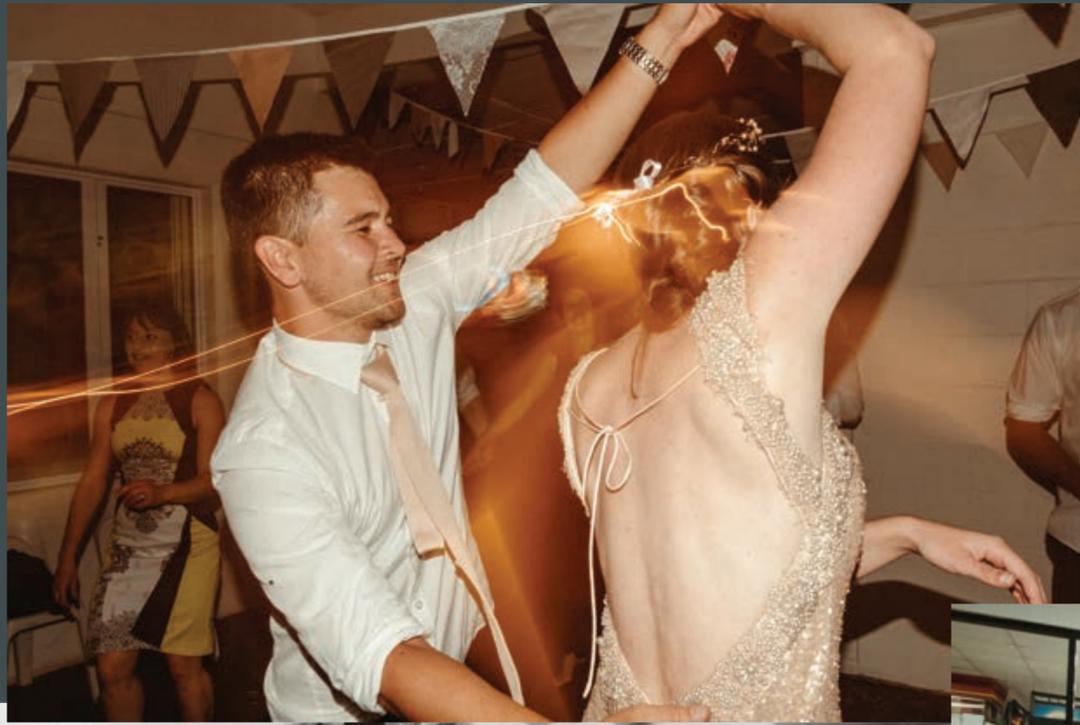

### books

are designed & printed through MILK handcrafted photo books. they start at 24 beautiful lay-flat pages & can be customized as needed.

# products

we don't believe products are one size fits all, so they are each sourced from unique vendors who specialize in each product.

# books

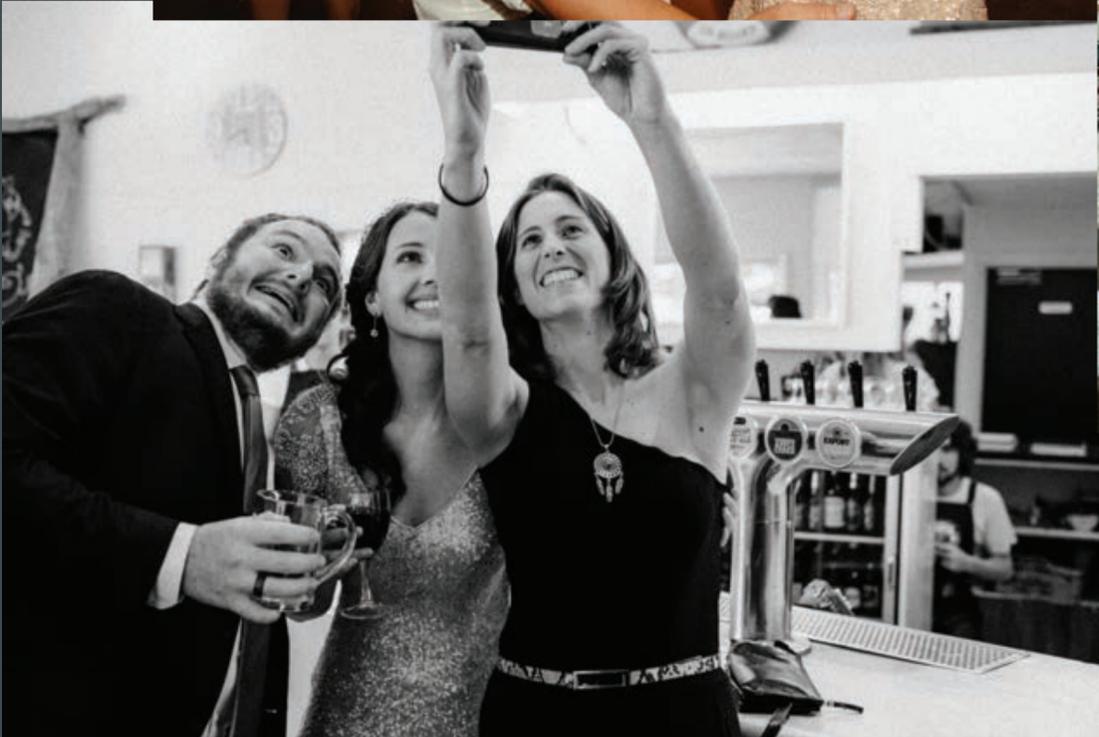

the long lost art of printing our photos.

saving prints on your walls & photo books on your tables are the best way to showcase the memories from your wedding day. a always love going into friends' homes & seeing photos of them around their house. or what about a friend who's wedding you didn't attend? how amazing is it to sit down & flip through a book of photos of them celebrating their wedding. let's have more of those memories.

honestly, it's pretty easy to get a book made through us. you select your favorite photos in your online gallery & we create a high quality book for you, printed with a third party who then sends you a book. that's it! if you haven't already, ask to see one of the books in person. i promise you'll love it.

[& i usually send you a code for a discount around holidays, anniversaries etc. so you can print your book whenever you'd like!]

*starting at \$125*

# F A Q

## HOW DOES PAYMENT WORK?

after you choose the collection you want, we'll send you an invoice through our client management software & you can pay on there. we divide the payments up into deposit & two other equal payments. the last payment is due 7 days before your wedding.

## I'M THINKING OF ELOPING, DO YOU TRAVEL?

yes! we've traveled for a ton of weddings. we're so inspired by new places, that we often find we create pretty magical images while capturing wedding away from our home base. all we require are flights & accommodation [2 nights for within north america, 3 nights for international].

## HOW MANY PHOTOS DO I GET? CAN I PRINT THEM?

it always depends on the session! we generally deliver between 50-100 images per hour of shooting. weddings can be more, because sometimes there's more happening. & yes, you have rights to print & share as you desire! i always suggest printing through our vendors as we've worked hard to make sure the colors are correct & the quality is there. your photos deserve to last for years to come.

## DO YOU HAVE INSURANCE?

yes! we sure do & can send you or your venue proof if they need.

## WHAT HAPPENS IF I NEED TO RESCHEDULE OR CANCEL?

if we've already signed the contract & paid the retainer, unfortunately it is non-refundable. in order to book a new date, a new retainer will have to be paid. hear us out, we're not trying to steal money from you. a retainer locks in your day & becomes income we look forward to for that month. there is also a good chance we're said no to other clients for that same date.

## DO YOU PHOTOGRAPH LGBTQ+?

to keep it simple, love is love. yes, we sure do.

# how to book

we want to make this as easy as possible. you've made a thousand choices already in this process!

send us an email. tell us you're in. we'll send you a contract, payment plan & get the ball rolling. all you need to do is pay a non-refundable retainer & the rest gets split up until wedding week.

we'll touch base once or twice before your wedding & get all the final details in a questionnaire a few weeks before your day.

remember, marriage is fun.  
love is beautiful.  
& your wedding day should be stress free.  
*don't let the details take over.*

A romantic couple is shown in profile, embracing at sunset. The woman on the left has long, wavy blonde hair and is wearing a dark top. The man on the right is wearing a white t-shirt with rolled-up sleeves. The background is a soft, golden glow from the setting sun, with blurred lights and structures in the distance.

*The  
Happets*

thank you.
