These rates are reflective as of December 2016 and subject to changes

Crow Farm offers a natural environment on an authentic working farm that is surrounded by 365 acres of lovely farmland, which includes a vineyard. Crow Farm B&B, Vineyard and Winery is a working farm and as we plan weddings we make sure it runs harmoniously with the natural workings of our estate. We specialize in personalized occasions in a rustic yet elegant environment. On your wedding day, immerse you and your guests in the beauty of our vines with an infinity landscape view. A ceremony under the weeping cherry tree or near the vineyard is included in the cost.

Our friendly staff and in-house professional wedding planner will work with you to plan your event that is in coordination with nature while celebrating your special day. We are happy to arrange appointments with our select list of caterers, rental companies, pastry chefs, florists, photographers, etc. Our focus is on highlighting the local creatives featuring the bounty of the Eastern Shore paired with our award-winning wines.
