Other areas served including Alabama and Louisiana. Just inquire!!

My Chapel: This includes a 15-minute block. You may do a standard ceremony in that amount of time and one other add-in (sand ceremony, hand-fasting, etc). You may invite up to 10 people. If you are more than 15 minutes late, an additional \$50 fee will be required for each 15 minutes you are late.

Other areas: Each price level includes up to 30 minutes (whether 5 or 30 minutes, this is the price) for the ceremony. The fees include my drive time, which does not change regardless of how long the ceremony is. Most ceremonies require only 5-10 minutes (even with unity candles, sand ceremonies or

other special add-ins). The additional 20 minutes allows for flexibility in last minute changes and starting a few minutes late.

For example: The ceremony should start on time. If your invitations state 5:00 and you contract me to start the ceremony at 5:00, I will be there no later than 4:45 (unless otherwise discussed) and ready to begin at 5:00. In the case you are running late, the ceremony must be started by 5:15 to finish within your 30 minutes, or additional fees will incur. Don't forget, I also have to sign the certificate in this time frame. If I am staying for the reception, there is a little more flexibility. But you should still start on time, as it's rude to your guests not to.

Rehearsal fees include 30 minutes and help with coordinating the ceremony, if needed. Rehearsals that are the same day as the ceremony must be quoted on an individual bases.

Reception: Sometimes it is requested that I stay for the reception to say a prayer over dinner. This can be discussed on an as-needed basis. Pricing, if any, will vary (no charge if I am staying for the meal).
