Custom Wedding Cake Delivery

Wedding Cake Deliveries are very important; it's not just another charge to add to your expenses. We do not hire other people to deliver. We are familiar with the routes and logistics involved in safely getting your cakes to the destination.

Wedding Delivery Schedule

Monday thru Thursday \$75 +

Friday \$100 + - Friday deliveries are most difficult because of traffic. It generally takes much more time to deliver because of traffic and most events are in the evening which means delivery is in the middle of rush hour and more complicated. Safety is the number one concern for the cakes and us. We plan ahead and always deliver based on the venues timeline for cake arrival.

Saturday \$75 + - Saturday deliveries are easier because traffic is generally minimal and weddings are scheduled from 9am-9pm which allows more flexible plan for deliveries.

Sunday \$125 + - Sunday deliveries are flexible as well, however in most instances labor is "time-and-a-half" because we are at the end of the "wedding" week.
