“ Excellent Experience!

Joe is nothing less than a professional and a genuinely kind man who wants to work with you and wants you to feel amazing on your day. He knows how to lead and give direction but accepts any input you may have.

I have A LOT of family which means a lot of family photos and Joe never missed a beat. He was energetic and lovely and I don't have one bad thing I can say about him and his services. I highly recommend him. ”

Meet Joseph Suh

Joseph has spent the past decade capturing love and genuine connections across the globe. He is a captivating storyteller as well as professional wedding photographer. Joseph lives in New Jersey with his wife (and business partner) Stella, and their beloved two daughters, Leah and Kaylee.

A word from Joseph Suh

Your love story is **everything** and deserves to be told authentically and beautifully.

A wedding should be full of genuine, authentic, and candid moments. There's nothing more beautiful than having photographs that tell the true story of who you are. Otherwise, you will look back on the images and only remember this is the shot where the photographer told us to do that, and where is the MEANING in that?

My approach is candid, honest with a focus on storytelling images that communicate connection. I'm in it for the moments, not the poses. It means telling the story of your wedding without interfering. I look for all of the details of the day you've made a lot of effort into planning without the hassle from me.

I know how frustrating wedding planning is. You might have a lot on your mind. I make the process of booking a photographer a breeze. If you are feeling good vibes, curious to know more, we should chat. Why? Because wedding photography is not about just you and me, it is about us!
