Canopies

A tent not only can protect from the elements, it can become your own special space. The options for decorating a tent are unlimited. Consider draping the ceiling and hanging crystal chandeliers, or opt for a clear tent to allow the stars to shine in. Optional sidewalls are available in solid white, clear or white with windows.

California law requires tents over 200 square feet to include a fire extinguisher and exit and no-smoking signs. These will be supplied by Platinum. Check with your venue to see if a permit is required to erect a tent. It is the customer's responsibility to apply for the permit. Allow two to four weeks for permit processing.

One of our staff will be happy to visit your site to measure the area and recommend the correct size tent. Remember you must allow room for tie-down ropes and walkways around the tent. Be aware of obstacles such as trees, light posts and power lines. If you have ordered a tent that doesn't fit your space, you will be charged an additional delivery fee if our drivers have to return to your site with a different size.

Don't forget to include ample space for your guests as well as any other amenities you want to have such as dance floors, bars, band or DJ.

MOVING ITEMS FROM WEDDING

CEREMONY TO RECEPTION SITE
