All initial consultations are complimentary. We will want to make sure that we are suited to each other. At that time couples that decide to move forward will pay their deposit and receive a planning packet. You must purchase your marriage license in the state where you will be married, not the state where you live. Within the state, you may purchase your license from any county and use it anywhere in the state.

Elopement Package

(Portland wedding-often in a park/outside location)

Small, intimate with couple and two witnesses over 18 years of age. It is possible to request a waiver at the county offices and have your Oregon marriage license effective immediately. State of Washington marriage licenses will not grant a waiver for any reason. Includes basic ceremony format.
