

# Venusian Gardens

a bit about us

# Welcome to the Gardens

Venusian Gardens, located in a renovated church built in 1854 in the Marigny district of New Orleans, offers fantasy weddings unlike anything, anywhere. Make your vows glow in the distinctive gallery operated and designed by neon artist Eric Ehlenberger. Marvel at high ceilings, fifteen-foot windows, third-story VIP lounge, and full-service amenities - including visual projection and audio capabilities - all under the spectacular display of the garden's luminous offerings. Venusian Gardens seamlessly integrates with your wedding plans, and is able to offer management of catering, music, decor, full planning services, and more, while our professional staff manages the bar.
