## Getting married?

Thank you for inquiring with Double J Entertainment. I just wanted to thank you and welcome you to a growing family of new brides and grooms who have decided to celebrate with me and their most important day.

I never imagined but always hoped some 15 years ago, when I was going for my marketing degree at Drexel, this passion would turn into a formidable business, making memories for hundreds. Having worked with some of the best entertainers on the east coast, as well as my own experience of over 300 wedding receptions to make your wedding day is the most promising and memorable you could have.

## Wedding Packages

Wedding Packages are based on two primary packages - Basic and the Standard

### Basic Wedding Package\*

- \*\* - Digital JBL sound system capable of handling up to 120 guests
- \*\* - Unlimited phone, e-mail, and videoconferencing meetings
