Lisa, 2018

I cannot begin to describe how incredible Brian is. My husband and I hired him for our October wedding this year and we are obsessed with the photos we received. Not only does he take incredible photos, but his personality is great. He is friendly and laid back and very patient, even with a wild wedding party. He made the entire process stress free, including the day of the wedding. It rained all day and ruined most of our plans, but, thanks to Brian's creativity we were able to get amazing shots, even a night time shot in the rain that is stunning. We cannot thank Brian and his second shooter, Adam, enough for capturing every single precious moment throughout our wedding day!

Michelle, 2018

I could not have asked for a better photographer! We did engagement pictures with him as well, and it was so much fun! Brian was always available via email to answer any questions I had leading up to the wedding. He was very organized and we went over every detail prior to the big day. When wedding day came, he really made taking pictures fun!

Relaxed, versatile, artistic coverage of everyday people during their not so everyday moments.
