Important Info

Labor: All packages include labor. However, we require that meals be provided for workers who are present during the event.

Electricity: We will have to talk to your venue's representative to find out whether or not there will be enough accessible electrical power for the equipment. If they are found to be necessary, power tie-ins and generators can be included at an additional cost. This equipment may require having a worker present for the duration of the event.

Distance: If your wedding is more than 75 miles of driving distance from our location in Moorpark, CA, travel costs may be added to the overall price.
