

Our pricing is based on several factors including, day of week, month, size and location of venue and any extras or add on services you may be interested in. we encourage you to visit our website at www.proshowdjservice.com and enter your date, venue and other details. Based on the data you submit; we will provide a detailed price and service quote that is tailor made for your needs and venue choice. Here are answers to some

Frequently Asked Questions:

- **Why can't you just give me a price?** *We can but that would not be fair to you or us. A small wedding with fewer than 50 guests would require less gear than a wedding with 250 or more guests. A daytime wedding probably won't require lighting like a nighttime event. Demand for our services is higher on Saturday so weekday customers will pay less.*
- **Can you provide me with a price range?** *Yes... The average wedding price before extras like photo booth, cold sparks and up lighting would be \$750 - \$850 for our wedding DJ service with dance floor lights our prices range from a low of \$500 (weekday-small wedding less than 80 guests) to a high of \$1995 (weekend-large wedding up to 500 guests).*
- **Do you offer discounts?** *Yes, we do offer discounts to Law Enforcement, active-duty military and educators. Please tell us if you fall into any of these categories. Please remember we can apply one discount per couple*
- **Is your company licensed and insured?** *Yes, we are licensed and insured. We provide a Certificate of Insurance to you and your venue upon booking*
- **Are you reliable?** *Yes – we have hundreds of Reviews all over the web including WeddingWire and The Knot. We are also on the preferred vendor list at many venues including Treasury on the Plaza, The White Room, The Lightner Museum and several other venues in Northeast Florida*
