## MEET ADAM

---

If you're here, you're planning to spend the rest of your life with that special someone. Cheers to that!

I'm not one to talk about myself, but for us to *really* connect, it's important that we get to know each other.

I'm Adam Pane, an adventure enthusiast who has always had a taste for fine arts. While living in Italy six years ago, I purchased a camera and started documenting life between my friends and I.

Finding the connection between individualism and expression brings me so much joy. My passions are people and creativity, and my hope is to reflect this in the couples I capture.

Six years later, I am honored to create memories with couples and their loved ones that will last a lifetime.

## WHAT TO EXPECT

---

Once we book, I enjoy getting to know my couples, both as a pair and individuals. It gives me a better idea of what makes your love unique. Engagement sessions are the perfect opportunity for all of us to connect and create something beautiful together.

What I'm not about are the stiff, stagnant poses. I prefer to focus on what makes your relationship yours. The moments that make you two laugh until you cry, and whatever makes your heart beat, really.

When you are yourself, your own story will unfold to be kept for years to come.

## WHAT I'M ALL ABOUT

---

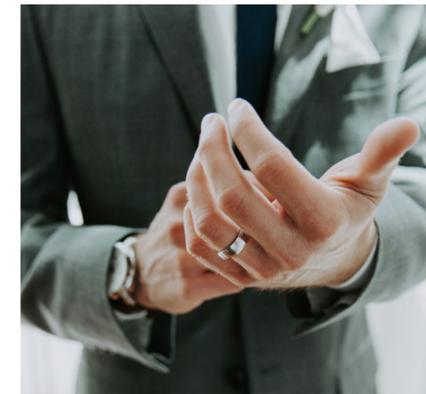

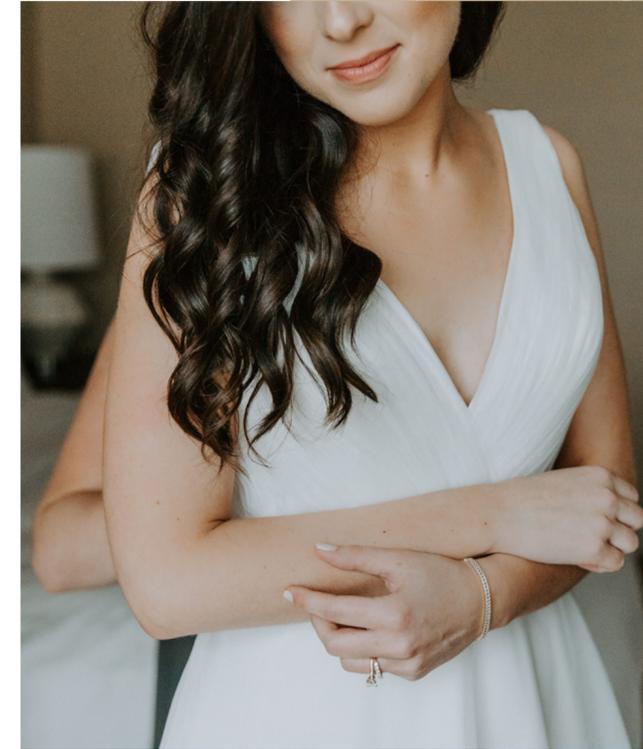

The best part of my job is the opportunity to capture my love for people through their genuine display of love for one another. As we discuss details of the wedding, I'm happy to answer any questions you may have and provide my own recommendations for the big day. I am fully invested in my couples and want you to have the best wedding experience.

# THE IN-BETWEEN MOMENTS

---

From parents crying, to you wearing an accessory from your grandparent, until the last lights of the reception turn off, I understand every bit of effort you are devoting to your wedding.

Every detail is significant.
