

## the Bridal Menu

### the Bride

Having your makeup and hair done *professionally* on your wedding day is so important. Your wedding day look will be tailored exactly to what you want – to make you feel both confident and beautiful!

Your Bridal Makeup will start with a complete skin care regimen in order to properly prep the skin (*exfoliation, toning, hydration, eye gels, etc.*). After your skin is fully prepped, you will have makeup done on both your face and body (*from the neck to décolleté*) – this creates a seamless, natural and flawless look! False Lashes are also included in your Bridal Look.

**Bridal Makeup** \$100 | 75 min.
