The Barn at Timber Creek was designed for weddings.

The Barn at Timber Creek offers everything you need to make your wedding day memorable and filled with enjoyment. Located west of Richmond in Farmville, VA, the facility offers countless touches that will make you glad to be a "Timber Creek Bride/Groom." From a massive floor-to-ceiling stone fireplace, to hand-crafted tables and matching chairs, to picturesque views of our beautiful lake, this woodland spot has it all. The Barn provides everything you might need to start the next chapter of your lives together!

Owners Whitney and Robert Lipscomb and Larry and Debbie Thompson designed the barn as the perfect wedding venue when no other location matched their vision. Inspired by nature-infused architecture on a visit to Colorado, they brought the best of the mountains to Central Virginia. The Barn broke ground on July 1, 2015, and Whitney and Robert were married in The Barn on October 10, 2015. As a family-run small business, the Lipscombs and Thompsons give extra care and attention to each bride and groom.

Here are just a few things people have said about their experience:
