

WELCOME TO AUSTIN STUART PHOTOGRAPHY!

I am thrilled you are interested in choosing me to capture your special day! I believe that choosing a wedding photographer is about more than just hiring someone with a camera to photograph you. Your wedding photographer should be someone who inspires you, and someone who eases wedding day jitters. And, hopefully someone who eventually becomes a friend. I'm excited to give you a little tour so you can learn more about me - the process of working together - and my wedding collections! Let's dive in!

Howdy! I'm Austin!

First off - THANK YOU FOR BEING HERE! I'm so excited to "meet" you! I'm Austin, a wedding and brand photo STORYTELLER for joyful, adventurous, fun-seeking couples and creative entrepreneurs.

In my heart of hearts, I'm an outdoor lover and adventure seeker, as long as my best friend and love of my life, Christel, is by my side, there's nothing we can't accomplish.

I'm most at home in the mountains or on water, am rarely seen with long pants or jeans on. I feel happiest around a fire pit, and am completely obsessed with tacos and love stories.

MY HOPE AND MY MISSION

My business isn't about pictures, it's about people. It's not about weddings, it's about marriages. It's not about transactions, it's about relationships. And it's not about one day, it's about a lifetime. I can't wait to connect with you and tell your love story.

The Process

Here's the scoop on working with me!

1. CONNECT VIA VIDEO CHAT OR COFFEE/HAPPY HOUR

It is so important to me to have a connection with each and every one of my couples. My ideal couples are unique in that they are fun-loving, adventurous, and full of life. And they know and understand that to get fun, joyful, and genuine photos of their love story, we need to have a connection, and a relationship.

I always say I want to show up to your wedding day and feel like a friend or an extra wedding party member, rather than a hired vendor.

So that means - our very first step is connecting via an online chat, phone call, or meetup so we can get to know each other!

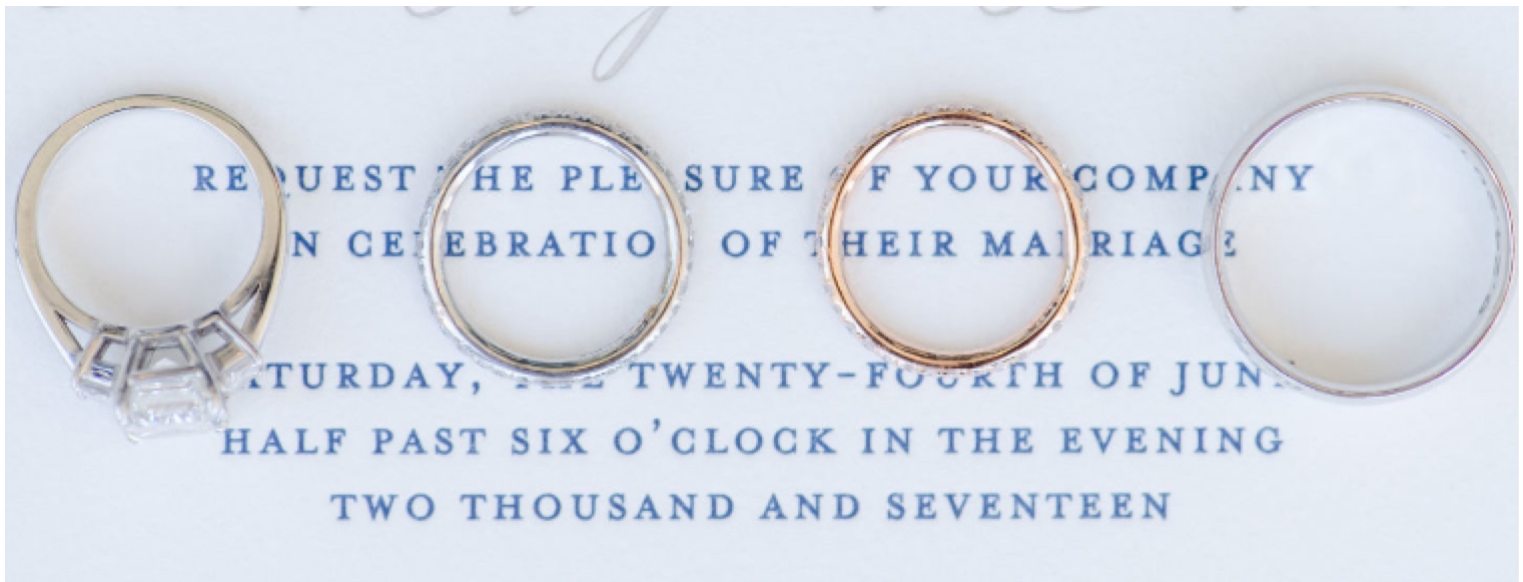

2. LET'S MAKE IT OFFICIAL!

After our initial call, if you and your other half decide we're the perfect fit to work together, it'll be time to make it official! All you need to do is decide on your package, and from there, I'll send you an online proposal with your custom contract, invoice, and payment schedule all able to be completed online!

Once your 25% retainer is paid, your date will be saved and the fun will begin! From there, I'll begin sending you helpful education such as my wedding guide, my list of vendor recommendations, and education best practices for your wedding day experience.

3. THE PLANNING

This is one of my favorite parts! Being comfortable in front of the camera can sometimes be intimidating, but we've got you covered. Your photos don't hang on our wall, that would be a little strange, so make them yours! We will collaborate on your vision and ideas for photo to make sure it's exceeds every expectation.

Chatting, planning and getting to further our relationship is special; so when your images are ready, they may even be featured on the blog in addition to your online gallery!! Then we plan on all the life events, anniversaries, family, birthdays!

4. AN EASY AND STRESS FREE PLANNING PROCESS

I love being involved in the wedding planning process. My goal as a photographer is to make sure you have the most fun and stress free day possible. Because of that, I am extremely organized when it comes to your wedding day plans! Leading up to the day, I will help you create a detailed timeline for the day, a family formal photo list, and will send you multiple questionnaire to ensure everything runs smoothly. You'll receive my wedding day questionnaire and vendor questionnaire, and from your answers, I'll create all the organizational documents for your wedding day. About 2 weeks out from the wedding, we'll have a video call to go over any final details to ensure all goes well the day of!

5. THE WEDDING DAY!

Hooray!!! It's here! The day of your wedding goes by in an instant. I want to make sure it's the most fun and stress free day possible, for not just you- but your family and friends. I arrive 30 minutes before our scheduled start time so I can get set up. I begin with photographing your details, and begin our list of amazing memories to be captured.

My absolute favorite part of the day is bride and groom portraits, so we'll ensure we have plenty of time for this! It's my job to capture all the traditional moments, and in between times so that you can look back on moments you may not have even realized were happening to relive your incredible day. Don't forget, these are your photos and they should reflect everything that defines you.

6. YOUR GALLERY

After the wedding day, when all your edits are complete, you will receive an online gallery of your images. It's my goal to get you your images while you're still excited about the wedding, and the bliss hasn't faded. We don't apply any image restrictions on your delivered gallery. From this gallery, you will be able to share your images with friends and family, download to your computer, share to social media and order prints.

While you have full print rights to your images, I always recommend couples print through a professional lab if you're going to make prints for your walls—the quality of professional labs is just so much better!! You'll receive a PIN code to download your images and I encourage my couples to pop open a bottle of wine and enjoy reliving their day together!!
