

# 7 Simple Steps To The Wedding DAY & Pricing!

**Step 1:** Contact Scott by filling out the [Bride & Groom Profile](#) form at TheKnotTyer.com or email Scott. This way Times and Dates are understood.

**Step 2:** Scott will check his calendar for availability then he will contact you. If he is not available he has highly trained Ministers with years of experience who work with him and Scott will line you up with another Minister you will LOVE!

**Step 3:** You will be emailed The Knot Tyer Wedding Package, full of info which will help you both to easily create a personal wedding ceremony of your own; that is, if you choose to do so or after meeting with you both, Scott can create a ceremony for you both to consider that you both can tweak to your liking using this package. You will truly love this package!

**Step 4:** Set up a get-to-know each other meeting through Skype, Facetime, over the phone or meet in person at a coffee shop. It is important to Scott that you both feel very comfortable about the one who will be your Wedding Minister / Officiant. During this meeting Scott will be able to take some notes to later create a ceremony for you both to consider and tweak to your liking.

**Step 5:** As soon as you feel comfortable with Scott, send a deposit (\$100.00) to reserve your date. **Venmo (Scott-Payne-6)**, Cash, Check or Money Order. Send to Scott Payne, 2500 CR 120 A, Marble Falls, TX 78654

**Step 6:** Send Scott your personal wedding ceremony, per your choices, for him to look over and become familiar with or email Scott the changes to the ceremony he sent for you to consider, (created through the meeting decisions). Scott wants to make sure all of your wishes come true for your wedding ceremony and wedding day!

**Step 7:** On the wedding day give Scott the wedding license with the remainder amount due included in the wedding license envelope.

**Please Note:** Something **VERY IMPORTANT** to consider. In regards to your possible rehearsal: A venue (wedding location) may have a wedding the evening of your rehearsal. It is truly best, if at all possible, to have your rehearsal at **10:00 or 11:00 a.m.** Many venues will schedule you for an evening rehearsal as long as that time slot does not fill with another wedding. Then, as the day approaches, they may, **and most likely will**, fill that time slot with another wedding and couples are forced to change plans to a morning rehearsal after all. **This happens very FREQUENTLY. I truly care and want both of your days to be amazing, whether I am there or not!**

Please also note: Most of the time it is not necessary for Scott to be at the rehearsal, especially if there is a Coordinator present, so this can save you money.

Thank You So Much For Your Consideration!

## 4 Pricing Packages to Choose from with No Hidden Fees!

(Please be advised: Some do have hidden fees like not showing you what they charge for the rehearsal or high mileage rates, etc.)
