

LIVE MUSIC PACKAGES

I. LETS CHAT

'Lets Chat' is simply about the design process - this grants you unlimited consultation, aimed at creating YOUR design (we don't stop until we get it exactly right!) This is for the couple from anywhere on the globe who just want to create a concept and learn how to implement it. Together we create your Creative Music Design - you are not obligated to continue with Classical Entertainment after that point. Of course, we are available to turnkey your music if you so desire, at which point the full price of the Chat Sessions will be applied to your bill.

COST: \$250.00

II. THE TRENDY

'The Trendy' is for today's modern and upbeat couple. You've got a DJ and you'd like just a little more flair via adding a live musician to the mix. Classical Entertainment will do all the musical prep work and coordinate with the DJ of your choice. Together we will work out which portions of the Wedding Celebration you wish to add the live musician to - maybe the Ceremony (Processionals, Special Moment, Recessional) or maybe Cocktails (this is fun!) or maybe to play live with tracks for your First Dance or the Cake Cutting. Let's hear your ideas!

STARTING AT \$350*

III. THE QUINTESSENTIALS

Here we go! The dictionary definition of Quintessential is "the perfect example of quality or class." This category has several options and handles everything from Solo, Duo, Trio or Quartet, to custom instrumentations; from standard to specialty offerings; out-of-the-box concepts, and/or artists of a particular nationality. This is for the couple that desires to have their love story expressed through their instrumental music. Careful: this is not for those who simply want something quick and easy. Rather, we take our time and dig in deep to create the perfect, unique Creative Music Design. No two couples are alike and so no two wedding celebrations are alike...

STARTING AT \$500*

(Solo Artist with Amplification)

IV. FINESSE

The Finesse is the most comprehensive package, created solely for and by Classical Entertainment, only available through us. We play the ceremony as classical as you wish, then for cocktails head into love songs, pop tunes, classic rock, lite jazz... whatever you need.

STARTING AT \$3500*

(Up to 6 Artists with Amplification)

**Due to the level of customization for each client, the actual cost cannot be determined until after the consultation and decision on the Creative Music Design.*
