Wedding Video Add-ons

Ceremony video: \$250**

Receive a separate copy of solely your ceremony footage in addition to your main wedding cinematic film.

Second Wedding Videographer: \$150 + approx. \$60-\$120/hr

Will you have a large wedding with things happening at once? Will the bridesmaids and groomsmen be getting ready at the same time at different locations? Do you need multiple angles for fleeting moments? In situations like these, a second videographer may be necessary. Contact for more details.

Expedited Wedding Film: \$800***

The normal editing turnaround time for your final wedding film is within 8-10 weeks after your wedding date. Wedding films are edited in a queue and take time to make sure every single frame is looking its best. It's understandable you may need your wedding film faster for whatever reason, so you can choose to add on an Expedited Wedding Film option, which will move your wedding film up the editing queue for you to receive your final wedding film within 3 weeks instead.

Additional Wedding B-roll: Contact for quote

Want to add some extra flare to your wedding film? Then consider scheduling a separate day to capture additional wedding video b-roll with you in your wedding attire. This allows you the flexibility and freedom to film more bride & groom shots at a unique location to add a special elopement-style element to your wedding film. Wedding schedules are packed and fast-paced, leaving little time to capture all of the best possible shots. Sharing that limited time with a wedding photographer may exacerbate the issue. So if you're feeling adventurous, this add-on is for you! From hiking through forests, chasing waterfalls, or reading your vows on a mountaintop, the possibilities are endless. Contact for more details and pricing.

*Every wedding and elopement is unique, so the final length of video can vary. My goal is to capture the quality video necessary to tell a story, not merely reach a number.

**Pricing based on a traditional American-style ceremony lasting from approx. 15-30 minutes.

***Please contact in advance of your wedding for availability to add an Expedited Wedding Film. The expedited 3 weeks turnaround time may exclude holidays.
