## Wedding Photo Add-ons

### Second Wedding Photographer: \$150 + approx. \$60-\$120/hr

Will you have a large wedding with things happening at once? Will the bridesmaids and groomsmen be getting ready at the same time at different locations? Do you need multiple angles for fleeting moments? In situations like these, a second photographer may be necessary. Contact for more details.

### Expedited Wedding Gallery: \$600\*\*

The normal editing turnaround time for your final wedding gallery is within 6-8 weeks after your wedding date. Galleries are edited in a queue, and it takes time to make sure every single photo looks its best. It's understandable you may need your gallery faster for whatever reason, so you can choose to add on an Expedited Gallery option, which will move your wedding gallery up the editing queue for you to receive your final gallery within 2 weeks instead.

### Additional Wedding Portraits: Contact for quote

Weddings are often fast-paced with a packed itinerary. This may leave you little time to capture all the bride & groom portraits you want. To help remedy this, scheduling a separate day to capture more images with you in your wedding attire is a fantastic idea! What makes it even better is that you don't have to be confined to your wedding venue. This means you have the freedom to take photos in your wedding attire wherever you desire, whether on a mountaintop, in a forest, or at a waterfall. This is a fun and relaxing way to capture unique elopement-style photos without all of the stress of your wedding day. Contact for more details and pricing.

\*Every wedding is unique, so the final quantity of images can vary. My goal is to capture the quality photos necessary to tell a story, not merely reach a number.

\*\*Please contact in advance of your wedding for availability to add an Expedited Wedding Gallery. The expedited 2 weeks turnaround time may exclude holidays.
